## An Opportunity to Thank Our 911 Dispatchers and Meet the Police Chief

**April 8 - 14 is National Public Safety Telecommunicators Week.**

Every day our residents, and those who travel through our Village, are able to get the care and protection they need in their most difficult moments due to the efforts of the Northbrook Police and the Regional Emergency Dispatch (RED) Center Fire Telecommunicators.

Public Safety Telecommunicators access, monitor, and disseminate information of critical importance to police and fire personnel 24 hours a day, 7 days a week. They are the pivotal link between citizens and the police and fire departments. They operate radio, telephone, and computer aided communications systems utilizing state-of-the-art technological techniques to ensure the safety of everyone in our community.

**Visit the Police Department Tuesday, April 10 from 5-7pm**

Please feel free to stop by the Northbrook Police Department, 1401 Landwehr Road, on Tuesday, April 10, between 5-7pm to visit the 911 Center. Refreshments will be served and visitors will have an opportunity to meet Chief Roger Adkins, thank the dispatchers, and see the 911 center.

## YARD WASTE PICK-UP

**Yard waste pick-up has resumed. Stickers can be purchased at home and garden centers & grocery stores in the Village, as well as Village Hall.**

## Northbrook Development Activity Update

The following is a quick snapshot of major development activity in the Village:

### Mixed Use & Commercial Development

Construction is well underway on the mixed-use development project located at 1000 Skokie Boulevard, located on the east side of Skokie, south of Sunset Ridge Road. The new Life Time Fitness building is under construction in the center of the site and is the most visible portion of the development. The foundations are in place, on the northern portion of the property, for the five-story, 304-unit luxury apartment complex by the Finger Company. The building should begin going up in the spring. Construction will take over a year, with the first units expected to be available for occupancy in 2019. Land is still available for a third land use on the southern end of the site. Under the terms of the planning restrictions on the property, whatever land use that desires to locate on the available site at the south end of the property will require Village Board approval.

Construction is nearly complete on the new three-story building that is part of the Village Green Center on Shermer Road, across from Village Green Park in downtown Northbrook. The building will include 10 apartment units on the second and third floors and 2,400 square feet of commercial space on the first floor, with enclosed parking located behind the commercial space.

Galt Toys has just opened a new store at Northbrook Court. The international retailer specializes in educational toys.

Construction is well underway on a new surgical treatment center and outpatient services facility for the Lurie Children's Outpatient Center in Northbrook. The 26,000 square foot facility will include an MRI, four operating rooms, private rooms for pre- and post-operative care, and physician offices. The surgical treatment center compliments the Outpatient Center at 1131 Techny Road which opened in September, 2015.

Wiss, Janney, Elstner Associates (WJE) Inc., is getting closer to completing work on their new headquarters complex located at the corner of Pfingsten Road and Maria Road in Sky Harbor Business Park (across from Underwriters Laboratory). WJE is a world leader in the investigation, testing, and design of repairs for buildings, bridges, and other structures.

Ultimo Motors is scheduled to open their new indoor used car dealership at 1850 Holste Road this spring. Ultimo is converting a formerly vacant industrial/warehouse building into the automobile dealership.

### Residential Development

KZF Development continues construction of homes in Timbers Edge, its 21-unit single-family home development on a 6.8-acre site located in the 3800 block of Dundee Road. Building permits have been issued for the seven of the 21 lots.

Construction is also well underway by Edward R. James Homes for Anets Woods, its 32-unit single-family home development at the northeast corner of Waukegan and Voltz Roads. Building permits have already been issued for 12 of the 32 homes in the development.

Demolition work began to set the stage for development of Jacobs Companies' 68-unit townhome development at 1179-1291 Shermer Road in downtown Northbrook (across from the Bank of America building). Site work, including installation of the required stormwater detention facilities, must be constructed before building permits will be issued for the townhomes.

The Village Board recently approved the tentative plans for a proposed seven-lot single-family subdivision by Single Source Construction located at the northeast corner of Dundee and Greenwood Roads. The developer is now refining the final engineering plans. Once those are approved, the Plan Commission and Board must approve the final plans before any construction can occur.

### Senior Housing

Construction is well underway by the Essex Corporation for the final phase of The Lodge, an independent senior housing development, located near the intersection of Founders Drive and Kamp Road. Phase four, which is located north of the existing building and south of the North Shore Ice Arena, will contain 50 new senior living units.

In December 2017, the Village Board approved an expansion of the existing Senior Lifestyles development at 1000 Sunset Ridge Road. The Village approved a new two-story structure north of the existing senior housing structure. The new building will be 37,500 square feet in size and will include 40 memory care units.

### New Businesses

Northbrook welcomes the following new businesses to the community:

<b>Smart Cake</b> 1003 Waukegan	<b>Toyland</b> Northbrook Court (Kiosk)	<b>Galt Toys &amp; Galt Baby</b> 1310 Northbrook Court
<b>Fear of Missing Out (FOMO)</b> Northbrook Court	<b>Exotic Window Tint</b> 1862 Techny	<b>Your Dog's Guru</b> 1820 Skokie Boulevard
	<b>The Spa at Northbrook</b> Northbrook Court	

If you have questions or suggestions about business development in Northbrook, please contact Development and Planning Services Director Tom Poupard at 847-664-4051 or email [tom.poupard@northbrook.il.us](mailto:tom.poupard@northbrook.il.us)

# Notes from Village President Sandy Frum

Public safety services are an important foundation for any community. The Village of Northbrook has a strong network to ensure coordination of resources for response and recovery when emergencies occur. The Police and Fire Departments are probably one of the first things people think of when they think of public safety. Both of these departments and the dispatchers who help organize their response are available 24-hours a day to aid anyone, resident or visitor, who may need emergency assistance in the Village. This month, the Village is celebrating Telecommunicators Week, April 8 – 14, with a reception at the Police Department on Tuesday, April 10, from 5 to 7pm. Please see front page for more information.

Every hour of every day Telecommunicators access, monitor, and disseminate information of critical importance to police and fire personnel. When you call 911, the Police Telecommunicator answering your urgent call provides initial help, if necessary, and then immediately dispatches the appropriate emergency agency to assist. Often, you'll notice both Police and Fire personnel respond to emergencies. Since the Police are assigned to monitor specific zones of the Village, they may be closer to respond, this is why the Police may arrive first. Our officers are trained in basic first aid including CPR and carry an automated external defibrillator (AED). In addition, they carry NARCAN for the treatment of opioid overdose.

I am often asked why both a fire truck and an ambulance are dispatched for medical emergencies. Only two firefighter/paramedics ride in the ambulance; the rest of the crew travels in the fire truck. The full team is able to assist with treatment, carry equipment, and help move patients. The fire truck is stocked with additional supplies and equipment. Both Police and Fire have mutual aid agreements with area agencies, which is why you may see other municipalities responding to Northbrook incidents.

During an emergency response, concerned neighbors and bystanders often approach our officers and other first responders with specific questions. As a reminder, unless there is a public safety issue, privacy laws prevent public safety personnel from releasing any details about the emergency response, including patient information and health status.

As a Village, there are many issues to tackle throughout the year, but none greater than remaining focused on the safety and security of all residents, businesses, and visitors. These efforts would not be possible without the entire team working as a whole, partnering with the volunteers, community leaders, residents, and Village staff to keep Northbrook safe.

## **Celebrating the Arts and Northbrook's Art Community**

The Northbrook Arts Commission has been working with dozens of resident artists to collaborate on an exhibit at the Northbrook Library. All are invited to the Northbrook Originals opening reception on Thursday, April 5. For details, please see page 4.

## **A Special Program for Seniors and Their Family Members**

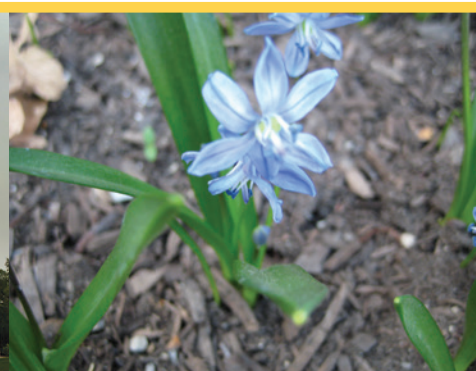

The Northbrook Senior Services Commission is hosting an informational session exploring options for downsizing and the challenges of moving. Presenters will discuss navigating through the aging process and transitions for seniors on Monday, April 23, at 1:30pm at the Village Hall. See page 4 for more information.

## **Budget Review in April – Your Tax Dollars at Work**

The Village Board and I, along with staff, have been working on the budget for our fiscal year 2018/2019 which begins May 1. A copy of the draft budget is online at [www.northbrook.il.us/taxdollarsatwork](http://www.northbrook.il.us/taxdollarsatwork) and at the Northbrook Public Library, as well as the Village Hall during business hours. If you would like to be a part of the discussion, please plan to attend the Public Hearing on April 10, at 7:30pm. The meeting will be cablecast live on NCTV – Comcast Cable Channel 17, or watch it live or streamed “on demand” on our website at [www.northbrook.il.us/agendas](http://www.northbrook.il.us/agendas)

## When is the Right Time to Move?

The Northbrook Senior Services Commission, in conjunction with North Shore Village, is hosting a program entitled *When is the Right Time to Move?*

The program will be held at the Village Hall on Monday, April 23, at 1:30pm. Speakers will present information for seniors and their families about downsizing and planning for the future.

There are many issues to cover and it can be overwhelming to consider a move after living in your home for many years. Topics covered in the session include exploring places to move, emotional

challenges, and considering help from experts for the transition. For more information and to register in advance, call 224-234-2450. Walk-ins welcome.

## Child Abuse Prevention... Everyone Has a Role to Play

### What is Child Abuse & Neglect?

Whether through action or failing to act, there are many forms of child maltreatment. Often the abuser is someone the child knows, such as a parent, relative, neighbor, or friend of the family.

**Neglect:** Failure to provide for a child's basic physical, emotional, medical, or educational needs. Child neglect oftentimes occurs when parents are overwhelmed with an array of stressors.

**Sexual Abuse:** Any sexual activity with a child including exhibitionism, photographs or videos, pornography, prostitution, fondling, or rape. Sexual abuse exploits and degrades children.

**Physical Abuse:** An injury to a child that is not an accident or action that physically harms a child. Physical abuse impacts a child's cognitive, physical, social, and emotional development.

**Emotional Abuse:** Maltreatment of a child that may involve criticizing, insulting, yelling, swearing, rejecting, or withholding love. Emotional abuse is a misunderstood form of trauma that can cause damage to a child's developing brain leading to long term learning difficulties, problematic behaviors, and increased incidences of physical and mental health issues.

### What Can I Do?

Anything you do to support kids and parents can help reduce the isolation and stress that often leads to abuse and neglect. If you suspect abuse, please report it to an agency listed below.

## Landscape Waste Pick-up Begins

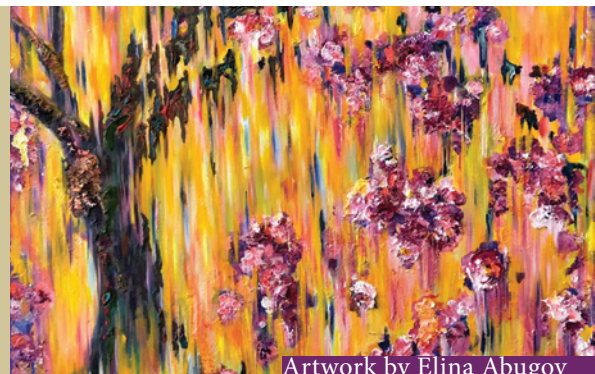

Advanced Disposal conducts landscape waste collection throughout the Village between April and November. Residents can choose to either participate in the landscape waste sticker program (with one sticker used per bag or can) or sign-up for seasonal subscription service (with an unlimited amount being collected). Stickers are \$2.04 each and can be purchased at local home and garden centers and grocery stores, as well as Village Hall.

The current cost for the seasonal subscription service is \$130.85. Advanced Disposal offers a 10% discounted rate for refuse, landscape waste subscription, and recyclable materials collection to customers over the age of 65. This Senior Citizen Discount is available to any customer who qualifies for and requests the discount. Contact Advanced Disposal at 847-272-4145 for more information or to sign up for the senior citizen discount.

## Exhibit Featuring Northbrook Artists

The Northbrook Arts Commission, in collaboration with the Northbrook Public Library, is proud to present the 16th Annual Northbrook Originals Art Exhibit at the Northbrook Public Library, April 5 – May 29.

This is a wonderful opportunity for Northbrook's artists to have their original artwork seen by the community. The exhibit has a wide range of mediums including photography, oil, acrylic, watercolor, and pastels. Stop by today! An opening reception will be held on Thursday, April 5, from 7 to 8:30pm in the Pollak Room.

## Want to Save Water, Reduce Flooding, and Water your Garden?

**Northbrook is pleased to offer a program to promote the use of rain barrels for its residents.**

The Village is selling 55-gallon rain barrels at a price of \$25 each (they typically sell for around \$100) to reduce the amount of water that enters our storm sewer system. Residents are limited to two barrels per household. The rain barrels can be purchased in the Village Hall lobby during regular business hours as listed on the back page of this newsletter.

*Please ensure you have the means to transport the rain barrels home, as the Village does not offer rain barrel delivery services.*

The barrels are terra-cotta colored to match planters and hanging pots that most nurseries and greenhouses currently sell. The color also blends in well with red brick homes. There are holes drilled into the lid for the water to drain into from your downspout. The screening over the holes keeps debris from entering the barrel and keeps mosquitoes from breeding, as well. Because all barrels are equipped with a spigot at the bottom, you have several options on how to water your plants — a garden hose, landscape tubing, or drip tubing can be attached to the barrel.

If you want to use a watering can, simply situate the barrel on a wooden pedestal. The barrels also have an overflow fitting to allow excess water that flows from the downspout to be diverted away from the barrel. A linking hose fitting can be added so barrels can be joined together and fill up from just one downspout. Visit a local hardware store for barrel accessories.

## A Look at Public Safety - Shermerville & Northbrook

Until about 1936, one Police Marshal was employed to oversee the safety of the Village. If the police were needed, residents called the telephone operator who in turn located the "Marshal." If the "Marshal" could not be located by phone, then the Telephone Operator would activate an electric signal light at the corner of Waukegan and Shermer Roads, and another at the Shermer and Walters Avenue, to visually notify the policeman to call the operator for the message.

The Shermerville Volunteer Fire Company, originally established in 1901, was disbanded in 1924. Replacing it was the new Northbrook Volunteer Fire Company which relied on people working in the business district to drop what they were doing when the fire bell sounded. Some of the men raced to the station to man the trucks and others raced to the scene. By 1968, the Fire Department employed part-time paid professionals and 24-hour service was established in 1971.

Aren't you glad to be living in a community with state of the art full-time first responders, telecommunications, and dispatchers? We've come a long way since those early days.
