

Interest on the Bonds is not exempt from Federal or Illinois income taxes.

VILLAGE OF NORTHBROOK, ILLINOIS

\$15,395,000 Taxable General Obligation Refunding Bonds, Series 2015A

Dated: Date of Delivery

Due: December 1, as shown below

The \$15,395,000 Taxable General Obligation Refunding Bonds, Series 2015A (the "Series 2015A Bonds") of the Village of Northbrook, Illinois (the "Village") will be fully registered and will be in the denomination of \$5,000 or any integral multiple thereof. Principal of and semi-annual interest on the Bonds is payable by Amalgamated Bank of Chicago N.A., Chicago Illinois, as registrar and paying agent (the "Bond Registrar" and "Agent"). Interest will be payable on June 1, 2015 and semiannually on each June 1 and December 1 thereafter. The Bonds will be in global book entry form, without coupons, and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository of the Bonds. Individual purchases will be made in book-entry form only. Purchasers will not receive certificates representing their interests in the Bonds unless the book-entry system is terminated. See "Book-Entry System" in Appendix B of this Official Statement.

The Series 2015A Bonds are subject to redemption prior to their maturity as described in this Official Statement.

The Bonds are general obligations of the Village of Northbrook. The full faith and credit of the Village are pledged to the payment of principal of and interest on the Bonds, and they will be payable from ad valorem taxes to be levied upon all taxable property in the Village, in addition to all other taxes, without limitation as to rate or amount.

*Term Bond due December 1, 2034

The Bonds are offered when, as and if issued and received by the Underwriters, subject to the approval of legality by Katten Muchin Rosenman LLP, Chicago, Illinois, Bond Counsel, and certain other conditions. It is expected that the Bonds in definitive form will be available for delivery through the facilities of The Depository Trust Company on or about February 2, 2015.

No dealer, broker, salesman or other person has been authorized by the Village, the Village's Financial Advisor, or the Underwriter(s) to give any information or to make any representations other than those contained in this Official Statement in connection with the offering described herein and if given or made, such other information or representations must not be relied upon as statements having been authorized by the Village, the Village's Financial Advisor, the Underwriter(s), or any other entity. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy any securities other than the Bonds, nor shall there be any offer to sell or solicitation of an offer to buy the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation, or sale. This Official Statement is submitted in connection with the sale of the securities described in it and may not be reproduced or used, in whole or in part, for any other purposes.

Unless otherwise indicated, the Village is the source of all tables and statistical and financial information contained in this Official Statement. The information contained in this Official Statement concerning DTC has been obtained from DTC. The other information set forth herein has been furnished by the Village or from other sources believed to be reliable. The information and opinions expressed herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the Village since the date of this Official Statement.

This Official Statement should be considered in its entirety and no one factor considered more or less important than any other by reason of its position in this Official Statement. Where statutes, reports, or other documents are referred to herein, reference should be made to such statutes, reports, or other documents for more complete information regarding the rights and obligations of parties thereto, facts and opinions contained therein, and the subject matter thereof.

Any statements made in this Official Statement, including the Exhibits and Appendices, involving matters of opinion or estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of such estimates will be realized. This Official Statement contains certain forward-looking statements and information that are based on the Village's beliefs as well as assumptions made by and information currently available to the Village. Such statements are subject to certain risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated, or expected.

The Underwriter(s) has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter(s) does not guarantee the accuracy or completeness of such information.

IN CONNECTION WITH THE OFFERING, THE UNDERWRITER(S) MAY OVERALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE SECURITIES OFFERED HEREBY AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

SUMMARY STATEMENT

The following presents summary information regarding the terms of the Bonds. The information is qualified in its entirety by reference to the more detailed descriptions appearing in this Official Statement and the authorizing documents relating to the Bonds. Summary information should be read together with those more detailed descriptions.

The Series 2015A Bonds. The Series 2015A Bonds consist of the \$15,395,000 Taxable General Obligation Refunding Bonds, Series 2015A (the “Bonds” or “Series 2015A Bonds”).

The Village. The Village was incorporated in 1901. It is a “home rule unit” pursuant to Section 6 of Article VII of the 1970 Constitution of the State of Illinois.

Form of Bonds. Bonds will be issued in book-entry only form. The Bonds will be registered in the name of Cede & Co., as nominee of Depository Trust Company, New York, New York (“DTC”). Beneficial owners of the Bonds will not receive a certificate representing ownership interest.

Interest on the Bonds. The Bonds will pay interest semiannually on each June 1 and December 1, with the first interest payment date being June 1, 2015. Interest will be paid to DTC or its nominee as registered owner of the Bonds by Amalgamated Bank of Chicago, Bond Registrar and Paying Agent for the Bonds. Payments to participants of DTC and other nominees of beneficial owners of the Bonds will be made pursuant to DTC procedures.

Record Date. The 15th day of the calendar month next preceding the interest payment date.

Optional Redemption Provisions. The Series 2015A Bonds due on or after December 1, 2025, are subject to redemption prior to their maturity at a price of par on or after December 1, 2024.

Security for the Bonds. The Bonds are general obligations of the Village. The full faith and credit of the Village are pledged to the payment of the principal of and interest on the Bonds.

Tax Levy. The Ordinance authorizing the Bonds levies a tax upon all taxable property in the Village, in addition to all other taxes, in an amount sufficient to pay the principal of and interest on the Bonds. The Village may abate such tax to the extent that other funds are lawfully available to pay principal of and interest on the Bonds.

Purposes. The Series 2015A Bonds are being issued to refund all of the maturities of the outstanding general obligation bonds of the Village issued as Series 2004A and Series 2004B bonds as described herein, and to pay the costs of issuance in connection with the issuance of the Series 2015A Bonds.

OFFICIAL STATEMENT
VILLAGE OF NORTHBROOK (ILLINOIS)
\$15,395,000 TAXABLE GENERAL OBLIGATION REFUNDING BONDS, SERIES 2015A

INTRODUCTION

This Official Statement is furnished by the Village of Northbrook, Illinois (the "Village"), in connection with the offering of \$15,395,000 aggregate principal amount of its Taxable General Obligation Refunding Bonds, Series 2015A (the "Bonds").

The Bonds are issued pursuant to and in accordance with the authority granted to home rule units of local government by Article VII, Section 6 of the 1970 Constitution of the State of Illinois and ordinance of the Village adopted by the President and Board of Trustees of the Village on January 13, 2015 (the "Ordinance").

The Bonds are general obligations of the Village, secured by a pledge of its full faith and credit. Pursuant to the Ordinance, the Village has levied a direct annual tax, in addition to all other taxes, upon all taxable property in the Village sufficient to pay and discharge the principal of the Bonds at maturity and to pay interest on the Bonds as it comes due.

This Official Statement, which includes its cover page, Summary Statement and Appendices, provides information concerning the Village and the Bonds. All references to agreements and documents are qualified in their entirety by their definitive forms, and all references to the Bonds are further qualified by the information with respect to them contained in the Bond Ordinance. Any statements or information indicating matters of opinion or estimates are represented as opinions or estimates in good faith, but no assurance can be given that the facts will materialize as so opined or estimated. This Official Statement should be read in its entirety by any prospective purchaser of the Bonds.

PURPOSE OF THE ISSUE

The Bonds are being issued to refund all of the outstanding Taxable General Obligation Pension Funding Bonds, Series 2004A and Taxable General Obligation Pension Funding Bonds, Series 2004B, of the Village (the "Prior Bonds") as described under "The Refunding" in this Official Statement; and to pay costs of issuance in connection with the issuance of the Bonds.

SOURCES AND USES OF FUNDS

The proceeds of the Bonds will be applied as follows:

Sources of Funds

Par Amount of Bonds	\$15,395,000.00
Net Premium	-
Total Sources	15,395,000.00

Uses of Funds

Redemption Deposit	\$15,144,000.00
Costs of Issuance (Including Underwriter's Discount)	251,000.00
Total Uses	15,395,000.00

SECURITY FOR THE BONDS

The Bonds are general obligations of the Village. The full faith and credit of the Village are pledged to the payment of principal of and interest on the Bonds.

The Bonds, together with interest on them, will be payable from ad valorem taxes levied on all taxable property in the Village, in addition to all other taxes, without limitation as to rate or amount. The Ordinance provides for the levy of a direct annual tax upon all of the taxable property within the Village in an amount that will be sufficient to pay principal of and interest on the Bonds when due. The Village expects that revenues from sources other than property taxes may be available to pay the Bonds, and will reserve the right to abate taxes to the extent such funds are available.

DESCRIPTION OF THE BONDS

The Bonds will be issued in the principal amount of \$15,395,000. The Bonds will be dated and will bear interest from their delivery date. The Bonds will mature on the dates and will bear interest at the respective interest rates per annum shown on the front cover of this Official Statement. Interest on the Bonds is payable on June 1 and December 1 in each year, with the first interest payment date being June 1, 2015. Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months. Interest will be payable by Amalgamated Bank of Chicago, Chicago, Illinois acting as bond registrar and paying agent (the "Paying Agent" or "Registrar") for the Bonds.

The principal of the Bonds shall be payable in lawful money of the United States of America upon presentation and surrender thereof at the principal corporate trust office of Amalgamated Bank of Chicago, in the City of Chicago, Illinois, which has been appointed as bond registrar and paying agent for the Bonds. Interest on the Bonds shall be payable on each interest payment date to the registered owners of record thereof appearing on the registration books maintained by the Village for such purpose at the principal corporate trust office of the bond registrar, as of the close of business on the 15th day of the calendar month next preceding the applicable interest payment date. Interest on the Bonds shall be paid by check or draft mailed to such registered owners at their addresses appearing on the registration books or by wire transfer pursuant to an agreement by and between the Village and the registered owner.

REDEMPTION PROVISIONS

Optional Redemption: The Bonds due on or after December 1, 2025 are subject to redemption prior to their maturity at a price of par on or after December 1, 2024.

Mandatory Redemption: The Bonds maturing on December 1, 2034 constitute a term bond (“Term Bond”) and are subject to mandatory redemption prior to maturity on December 1 of the years and in the amounts as follows, each constituting a sinking fund installment for the retirement of the Bonds:

<u>Year</u>	<u>Amount</u>
2033	\$1,350,000
2034	1,405,000 (maturity)

The Term Bonds shall be redeemed at a redemption price equal to the principal amount thereof to be redeemed. In the Bond Ordinance, the bond registrar is directed to mail notice of the mandatory sinking fund redemption of the Term Bonds (See, “Redemption Notice”, herein).

Whenever Term Bonds are redeemed at the option of the Village, the principal amount thereof so redeemed shall be credited against the unsatisfied balance of future sinking fund installments or final principal amount established with respect to the Term Bonds, in such amounts and against such installments or final principal amount as shall be determined by the Village in the proceedings authorizing such optional redemption or, in the absence of such determination, shall be credited pro-rata against the unsatisfied balance of the applicable sinking fund installments and final principal amount.

Partial Redemption of Bonds. In the event of the redemption of less than all the Bonds of like maturity, the aggregate principal amount thereof to be redeemed shall be \$5,000 or an integral multiple thereof and the bond registrar shall assign to each Bond of such maturity a distinctive number for each \$5,000 principal amount of such Bond and shall select by lot from the numbers so assigned as many numbers as, at \$5,000 for each number, shall equal the principal amount of such Bonds to be redeemed. The Bonds to be redeemed shall be the Bonds to which were assigned numbers so selected; provided that only so much of the principal amount of each Bond shall be redeemed as shall equal \$5,000 for each number assigned to it and so selected.

Redemption Notice. Notice of the redemption of Bonds shall be mailed not less than 30 days nor more than 60 days prior to the date fixed for such redemption to the registered owners of Bonds to be redeemed at their last addresses appearing on said registration books. The Bonds or portions thereof specified in said notice shall become due and payable at the applicable redemption price on the redemption date therein designated, and if, on the redemption date, moneys for payment of the redemption price of all the Bonds or portions thereof to be redeemed, together with interest to the redemption date, shall be available for such payment on said date, and if notice of redemption shall have been mailed as aforesaid (and notwithstanding any defect therein or the lack of actual receipt thereof by any registered owner) then from and after the redemption date interest on such Bonds or portions thereof shall cease to accrue and become payable. If there shall be drawn for redemption less than all of a Bond, the Village shall execute and the bond registrar shall authenticate and deliver, upon the surrender of such Bond, without charge to the owner thereof, in exchange for the unredeemed balance of the Bond so surrendered, Bonds of like maturity and of the denomination of \$5,000 or any integral multiple thereof.

The bond registrar shall not be required to transfer or exchange any Bond after notice of the redemption of all or a portion thereof has been mailed. The bond registrar shall not be required to transfer

or exchange any Bond during a period of 15 days next preceding the mailing of a notice of redemption that could designate for redemption all or a portion of such Bonds.

THE REFUNDING

The proceeds of the Series 2015A Bonds will be used to refund all currently outstanding maturities of the Village's Taxable General Obligation Pension Funding Bonds, Series 2004A and all currently outstanding maturities of the Village's Taxable General Obligation Pension Funding Bonds, Series 2004B (collectively the "Prior Bonds") as listed below.

\$8,495,000 Taxable General Obligation Pension Funding Bonds, Series 2004A

\$6,505,000 Taxable General Obligation Pension Funding Bonds, Series 2004B

The Prior Bonds will be called for redemption at a price of par on February 13, 2015.

THE VILLAGE OF NORTHBROOK

GENERAL INFORMATION

The Village of Northbrook is located approximately 26 miles north of downtown Chicago at the border of Cook and Lake Counties. Northbrook is bounded by Glencoe on the east, Highland Park and Deerfield to the north, Wheeling to the west and Glenview and Northfield to the south. A significant amount of area was incorporated into the Village boundaries in 1988.

The community was incorporated in 1901 as the Village of Shermerville. In 1923, by referendum, the Village was reincorporated and renamed Northbrook in recognition of the middle and west forks of the North Branch of the Chicago River which flow through the Village.

At the 1950 Census the Village population was 3,348. With the opening of the Edens Expressway in the early 1950s (the major expressway to the northern suburbs) and the Tri-State (Illinois) Tollway in 1958, the Village's population increased to 11,635 by 1960 and 27,297 by 1970. At that time, the area of the Village totaled 12.5 square miles. Between 1970 and 1980 the Village's population increased 12.8% to 30,778 with a land area of approximately 13 square miles. According to the 1990 Census, the Village population was 32,308, an increase of 5.0% over the 1980 figure. In 2000, the Census reported a population of 33,435. In 2010, the U.S. Census Bureau reported the Village's population to be 33,170 residents.

GOVERNMENT OF THE VILLAGE

The Village is a home rule municipality under the Constitution and laws of the State of Illinois, and operates a Council/Manager form of government.

The governing body of the Village is the President and Board of Trustees. The Village President is elected for a four-year term. She is the chief elected officer of the Village, and presides over board meetings and executes official documents. The Village President appoints, with the consent of the Board of Trustees, the members of Committees and Commissions. The Village Board of Trustees consists of six members elected at large for four-year staggered terms.

The Village Manager is the Chief Operating Officer of the Village and is responsible for the management of all Village operations under the direction of the President and Board of Trustees. The Manager is appointed by the President and Board of Trustees and serves at their pleasure. The Village Department heads, including the Chief Financial Officer, report to the Village Manager.

Sandra E. Frum, Village President. Ms. Frum has been a member of the Northbrook Village Board since 1987, and was elected Village President in 2009 and reelected in 2013. Prior to her election as Village President, Ms. Frum served as the chair of the Administration and Finance Committee. She has been a Northbrook resident for over 34 years. She also served as the President of the Northwest Municipal Conference, a regional governmental council representing 43 municipalities in Cook, DuPage, Kane, Lake, and McHenry County in Illinois.

Richard A. Nahrstadt, Village Manager. Mr. Nahrstadt has been a member of the administration of the Village of Northbrook since 1991. Mr. Nahrstadt's service with Northbrook includes 16 years as Assistant Village Manager. He was appointed Village Manager in 2008. Prior to his service in Northbrook, Mr. Nahrstadt was the Senior Analyst and Acting H.R. Director for the City of Naperville and the Assistant to the Village Manager/Zoning Administrator for the Village of Flossmoor.

Jeffrey L. Rowitz, Deputy Village Manager/Chief Financial Officer. Mr. Rowitz was hired as the Director of Finance and Village Treasurer of Northbrook in 1996 and was promoted to Deputy Village Manager/Chief Financial Officer in 2013. Previously, he was the Director of Finance for the Village of Willowbrook, Illinois. He has also served as the Assistant Finance Director for the City of Park Ridge, Illinois. Mr. Rowitz is a Certified Public Accountant and a Certified Government Financial Manager. He is a past President of the Illinois Government Finance Officers Association.

Elizabeth M. Garibaldi, Assistant Director of Finance. Ms. Garibaldi was hired as the Assistant Director of Finance of Northbrook in 1994. Previously, she was a supervisor with the regional public accounting firm of Friedman, Eisenstein, Raemer & Schwartz. Ms. Garibaldi is a Certified Public Accountant.

Iwona Petryszak, Accounting Manager. Ms. Petryszak was hired as Accounting Manager in 2012. Previously, she was a manager with the public accounting firm McGladrey. Ms. Petryszak is a Certified Public Accountant and a member of the Illinois CPA society, and American Institute of CPAs.

VILLAGE EMPLOYEES

The Village is staffed by 264 full time positions, and 9.3 permanent part-time positions and 16.1 seasonal part-time positions. The Village is party to four collective bargaining agreements, an agreement with the Northbrook Police Association (contract expired 4/30/2014), covering sworn police officers and dispatchers, Combined Counties Police Association (contract expires 4/30/2015) covering police sergeants, Local 1894 of the International Association of Professional Fire Fighters (contract expires 4/30/2015), and Local 150 of the International Union of Operating Engineers (contract expires 4/30/15), covering all Public Works employees.

PENSION FUND OBLIGATIONS

The Village participates in three defined benefit pension plans, which cover substantially all employees. Retirement benefits are provided for employees who meet certain age and service requirements. Payments are generally correlated with the employee's length of service and earnings. Legal requirements of the plans (including contributions, vesting, benefit and fund deficit provisions) are governed by Illinois Compiled Statutes. The plans are funded by employee and employer contributions

and interest earnings, with all administration costs borne by the Village. The Village's total payroll for all employees was \$27,064,877 for the fiscal year ended April 30, 2014, a decrease of 1.1% over fiscal year 2013.

All employees, other than police officers, fire fighters and those working fewer than 1,000 hours per year, are covered by the Illinois Municipal Retirement Fund (the "IMRF"), which is a statewide multi-employer plan governed by a state board of trustees.

The IMRF determines the contribution rate for the Village to provide for full funding of prior service costs. Participating members contribute 4.50% of their salary; the Village's rate for calendar 2013 was 13.66%. The Village rate for 2014 is 13.53%. The unfunded balance of the future IMRF pension benefits (including the Northbrook Public Library and Regional Emergency Dispatch "RED" Center) at December 31, 2013 was \$10,901,312. The following tables summarize the funding status of the IMRF for the last six years and employer contributions.

IMRF Funding Progress

Actuarial Valuation Dated Dec. 31	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Funded Ratio	Unfunded AAL (UAAL)	Covered Payroll	UAAL as a Percentage of Covered Payroll

Source: Village of Northbrook Comprehensive Annual Financial Reports

The Village funded a substantial portion of its liabilities in the Police and Fire pension funds in 2004 with the deposit of long-term fixed rate municipal bonds. Tax levies required to pay the acquisition price were less than the tax levies previously required to amortize the unfunded liabilities. Current unfunded balances as of December 31, 2013 were \$19,459,490 (police) and \$16,309,372 (fire) or 30% of the accrued liability of both funds. The following tables summarize the funding status of the Police and Firefighters' Pension Funds for the last seven years and employer contribution.

Police Pension Fund

VILLAGE FINANCES

BUDGET PROCESS

The Village's budgetary operations are governed by the annual Village budget, formally approved by the Village Board of Trustees and administered by the Chief Financial Officer. The Village annually appropriates amounts needed to pay for the expenditures identified in the annual budget plus additional specifically identified contingent items. Unused appropriations lapse at year's end.

The Chief Financial Officer may, with the approval of the Village Manager, transfer funds within the approved annual budget upon submission of a proper request from the head of any Village department, board or commission and subject to the following conditions: 1) transfers may not be made between or among funds; 2) transfers may not be made between or among departments, boards or commissions; 3) transfers may be made only between or among accounts of a like kind or nature; 4) transfers shall not exceed the Village Manager's purchasing limit as established in the Northbrook

Municipal Code; 5) transfers to or from a particular account shall not exceed a reasonable number in each fiscal year, as determined by the Chief Financial Officer and the Village Manager; and 6) transfers may be made from one account to one or more other accounts only if, at the time of the transfer, sufficient uncommitted and unspent funds are in the account from which the funds are to be transferred. The budget may be amended at the Board's discretion by a vote of two-thirds of the Board of Trustees.

INDEPENDENT AUDIT

Since and including fiscal year 2000, audits have been performed by Lauterbach & Amen, LLP, Warrenville, Illinois. Lauterbach & Amen have neither reviewed nor approved this Official Statement.

The Village's financial statement of governmental funds is prepared on a modified accrual basis of accounting. The Government Finance Officers Association ("GFOA") has awarded Northbrook a Certificate of Achievement for Excellence in Financial Reporting in every year since fiscal year 1991. The Village's Comprehensive Annual Financial Report is presented in Appendix C.

FINANCIAL ACCOUNTING AND CONTROL PROCEDURES

Village expenditures are monitored on a regular basis by the Chief Financial Officer. The Village reports financial results based on generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). The accounts of the Village are divided into separate self-balancing funds comprising its assets, liabilities, fund equity, revenues and expenditures, as appropriate.

Government resources are allocated to and accounted for in four Governmental Fund type groups (General, Debt Service, Capital Projects, and Non-Major Funds), five enterprise funds, (Water Fund, Storm Water Fund, Sanitary Sewer Fund, Parking Revenue, and Senior Housing Fund), one internal service fund (Self-Insurance), and two fiduciary fund type groups (Pension Trust and Agency). The General Fund is the general operating fund of the Village. During fiscal 2014, approximately 83% of the Village's governmental purpose revenues and 77% of the Village's governmental purpose expenditures were accounted for in the General Fund.

Revenues. The principal sources of Village revenue for all funds, fund groups, and accounts are: sales taxes; property taxes; licenses, permits and fees; intergovernmental revenue; and utility charges. The primary sources of General Fund revenues are sales tax, property tax, intergovernmental receipts and utility charges.

Home Rule Sales Tax. In September 2001, the Village adopted a "home rule sales tax" of $\frac{1}{2}$ of 1% on retail sales in the Village, effective January 1, 2002. The tax applied to all sales within the Village except automobiles, food and medicine. This tax was increased effective January 1, 2007 to $\frac{3}{4}$ of 1%. This "home rule sales tax," along with the State established sales tax of $6\frac{1}{4}\%$, and taxes imposed by Cook County and the Regional Transportation Authority, total 8.75% in the Village.

Expenditures. The principal Village expenditures for all funds and account groups are for public safety, water and sewer service, capital projects, public works and general administrative services. The Village's General Fund accounts for most of the basic services provided for by the Village.

The following table provides a comparative summary of the Village's General Fund balance sheet for the past five fiscal years. A summary of General Fund revenues and expenditures for the five most recent fiscal years follows on the following page, including audited information for FY2014 and

projections for FY2015. The third table following is a summary of fund balances from all Governmental and Proprietary and Fiduciary Funds.

(2) Includes Police Pension Fund, Firefighter's Pension Fund. Pension includes extraordinary contributions.

FISCAL YEAR 2014 PERFORMANCE

The following discussion and analysis of the Village of Northbrook's FY14 financial performance provides an overview of the Village's financial activities for the fiscal year ended April 30, 2014.

FINANCIAL HIGHLIGHTS

- The Village's net position increased by 2.1% as a result of this year's operations. Net position of business-type activities increased by about \$602,000 or 1.3%. Net position of governmental activities increased by \$3.2 million or 4.1%.
- During the year, expenses were \$3.7 million less than the \$47.9 million generated in tax and other revenues for governmental programs.
- During the year, revenues for business-type activities were \$11.1 million while expenses were \$12.2 million, generating a decrease in net position before transfers of about \$1.1 million.
- The General Fund reported a surplus this year of \$2.4 million. Revenues were \$1.7 million higher than anticipated as the Village continued to see evidence of sustained recovery in our local economy and higher telecommunication tax. Expenditures were \$1.8 less than the amended budget. This savings is mostly attributed to personnel costs from temporary vacancies and timing of capital expenditures.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village, assets exceeded liabilities by \$127.3 million.

	Net Position (in millions)					
	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
Current and Other Assets	\$64.1	\$57.4	\$10.1	\$7.3	\$74.2	\$64.7
Capital Assets	95.1	94.0	51.0	52.8	146.1	146.8
Total Assets	159.2	151.4	61.1	60.1	220.3	211.5
Long-Term Debt Outstanding	(\$59.2)	(\$55.3)	(\$13.5)	(\$11.7)	(\$72.7)	(\$67.0)
Other Liabilities	(5.9)	(5.8)	(1.9)	(1.7)	(7.8)	(7.5)

Total Net Assets	\$81.7	\$78.5	\$45.6	\$46.2	\$127.3	\$124.7

Source: The Village of Northbrook Comprehensive Annual Financial Report, April 30, 2014

By far the largest portion of the Village's net position, which is 72%, reflects its investment in capital assets (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, or 5.1%, of the Village's net position represents resources that are subject to external restrictions on how they may be used. The remaining 22.9%, or \$29.1 million, represents unrestricted net position and may be used to meet the Village's ongoing obligations to citizens and creditors.

Net position of business-type activities decreased 1.3% from the prior year (\$46.2 million compared to \$45.6 million). The Village generally can only use this net position to finance the continuing operations of the waterworks, sewerage, storm water, senior housing, and parking operations.

GOVERNMENTAL ACTIVITIES

Revenues for governmental activities (excluding special items) were \$47.9 million, while total expenses were \$44.2 million.

BUSINESS-TYPE ACTIVITIES

Revenues from business type activities decreased by 21.3% (\$11.1 million compared to \$14.1 million) and expenses increased by 7.0%. The revenue decrease is primarily due to timing of reimbursements received from Cook County for allocated costs attributed to the Techny Drain storm water project. Per agreement with Cook County, the Village received a total of \$3 million, \$2.4 million in previous fiscal year and \$633,064 in current fiscal year. In addition, a rainy summer resulted in lower consumption of water.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

The Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2014, the governmental funds reported combined ending fund balances of \$28.3 million, which is 22.5% higher than last year's total of \$23.1 million. This increase is primarily due to timing differences between the receipt of bond proceeds and the corresponding capital expenditures.

The General Fund experienced an increase of \$2.4 million which was significantly better than the original budget anticipated. Revenues were \$1.7 million higher than expected. Building permit revenue was \$456,000 higher than projected as the Village continued to experience new business investment in our local economy. Though sales taxes were 5% lower than anticipated, this was more than offset by higher than expected telecommunication taxes. Expenditures were \$1.8 million less than the amended budget. This savings is mostly attributed to timing differences of planned capital expenditures and personnel costs associated with temporary vacancies and reorganization of some administrative functions.

The Debt Service Fund reported a decrease in fund balance of approximately \$56,664 due to timing differences between the property tax collections and the debt principal and interest payments.

The Pension Contribution Fund is used to account for the Village's contributions to the Police and Firefighters' Pension Funds. The Fund reported a deficit of \$301,008 due to timing differences with the property tax cycle.

The Infrastructure Fund reported an increase in fund balance of approximately \$3.2 million due to timing differences between the receipt of bond proceeds and corresponding capital expenditures.

PROPRIETARY FUNDS

The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The Village reports the Water, Sanitary Sewer, Storm water Utility, and Senior Housing Funds as major proprietary funds.

The Water Fund accounts for all of the operations of the municipal water system. The Village is the only municipality in Illinois that is not on the lakefront but pumps its own water directly from Lake

Michigan. Many years ago, the Village constructed a pipeline directly to the lake by purchasing various rights-of-way. Water was sold to all municipal customers at a rate of \$4.08 per thousand gallons.

The Village intends to run the Water Fund at a breakeven rate. Periodically, there will be an annual surplus or draw down due to timing of capital projects and water consumption. The current fiscal year experienced a deficit of \$762,788.

The Sanitary Sewer Fund accounts for all operations of the Village's sanitary sewer system. Customers are billed at a rate of \$0.80 per thousand gallons of water used. This fund experienced a deficit of \$620,482 for the year, which includes depreciation and amortization expense of \$260,259.

The Stormwater Utility Fund is used to account for the maintenance and construction of the Village's storm water management system. All activities necessary to provide these services are accounted for in this fund, including, but not limited to, operation, maintenance and repair, construction, and related debt service. This fund experienced a surplus of \$901,235 for the year due primarily to reimbursements from Cook County of \$633,064 in costs related to the Techny Drain project.

The Senior Housing Fund accounts for all operations of Crestwood Place, a senior housing apartment complex owned by the Village. Day-to-day operations are handled by a management company. Since the Village owns the buildings, we have been able to keep rents low and still allow this fund to entirely cover its' cost of operations. This fund experienced a modest deficit of \$93,216 for the current year.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the Village Board revised the budget several times. The Board made minor budgetary changes mainly to increase contributions to community organizations and to accommodate contractual professional services that were not anticipated at the time the budget was adopted.

Even with these adjustments, actual expenditures were \$1.8 million below the final budget amounts. Savings were primarily achieved in personnel expenditures from temporary vacancies and timing of capital expenditures.

Revenues were better than projected, ending the year \$1.7 million above budget as the Village continued to see evidence of sustained investment in our local economy.

CAPITAL ASSETS AND DEBT ADMINISTRATION

CAPITAL ASSETS

The Village's investment in capital assets for its governmental and business type activities as of April 30, 2014 was \$146.1 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, land improvements, vehicles, machinery and equipment, roads, sidewalks, storm sewers, and bridges.

Capital Assets - Net of Depreciation (in Millions)

	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
Land	\$32.0	\$32.0	\$3.1	\$3.2	\$35.1	\$35.2
Buildings	10.4	10.8	9.6	10.0	20.0	20.8
Machinery and Equipment	2.6	2.7	4.2	4.5	6.8	7.2
Infrastructure	50.2	48.5	34.0	35.1	84.2	83.6
Total	\$95.2	\$94.0	\$50.9	\$52.8	\$146.1	\$146.8

Source: The Village of Northbrook Comprehensive Annual Financial Report, April 30, 2014

The fiscal year 2015 capital budget includes projects totaling \$18.6 million. This total includes \$6 million for water system improvements, \$3.4 million for street improvements, \$3.2 million for storm water improvements, \$2.5 million for sewer improvements and \$3.5 million for other general fund projects.

DEBT ADMINISTRATION

At the end of fiscal year 2014, the Village had total outstanding bonded debt of \$73.6 million as compared to \$67.6 million the previous year. The following is a comparative statement of outstanding debt:

General Obligation Bonds (in Millions)

	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
General Obligation Bonds	\$59.3	\$55.2	14.3	\$12.4	73.6	\$67.6

Source: The Village of Northbrook Comprehensive Annual Financial Report, April 30, 2014

ECONOMIC FACTORS AND FY15 BUDGET AND RATES

The Village's elected and appointed officials considered many factors when setting the fiscal year 2015 budget, tax rates, and fees that will be charged for its governmental and business-type activities. Beginning with FY 2012/13, the Village introduced an expanded two year budget for the General Fund to further assist the Village Board in their discussion of fiscal policy. The fiscal year 2014 budget projected total General Fund expenses for FY 2014/15 of \$42.6 million, with total operating expenses of \$39.8 million. Current projections for total General Fund expenditures are 1.2% higher, and total operating expenditures are within ½% of projections at this time last year. The approved budget estimates a \$286,930 surplus for FY 2014/15 and reserves of \$1.8 million above the Village's 40% policy at April 30, 2015.

FY 2014/15 General Fund revenues are projected to be \$2.3 million more than FY 2013/14 budget. Modest growth has been anticipated in sales taxes and higher building permit fees mainly from North Shore 770 development. Revenues also include \$2.3 million in bond proceeds for planned capital improvements compared to \$1.5 million in previous fiscal year.

Planned expenditures in the General Fund will be \$2.4 million more than the FY 2013/14 amended budget before equity transfer. The increase is primarily due to replacement of capital equipment that has surpassed its useful life, and the addition of a Building Inspector, Project Manager, and Police Officer.

CAPITAL IMPROVEMENT PLAN (CIP)

The Village Board utilizes a five-year timeline to consider capital projects and has instituted a minimum capital threshold of \$50,000. Any capital purchases, with the exception of those in the Village's fleet replacement program, that do not meet or exceed this threshold are not included in the CIP.

The purpose of the CIP is to provide a tool that: 1) identifies the present and future service needs that require capital infrastructure or equipment; 2) determines the financial costs of acquiring and maintaining capital assets as well as any non-financial costs (e.g. environmental) on the community; 3) prioritizes capital projects based on Board policies and initiatives, public input, legal requirements, budget impacts, etc.; and 4) develops financing strategies to fund projects of greater cost including alternative funding mechanisms such as grants and bond issuances.

The following table sets forth the Village's anticipated capital improvements, their costs and sources of funding over the next five fiscal years.

Five Year Capital Improvement Plan Detail Fiscal 2015-2019 Summary by Fund Source

Funding Source	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19	FY 2019-20	Total

INDEBTEDNESS

As a home rule unit, the Village may issue an unlimited dollar amount of general obligation debt. The outstanding portion of all general obligation bonds prior to issuance of the Series 2015A Bonds totals \$84,125,000 in principal amount, including the public library debt component. The Village has always paid principal and interest on a timely basis on all of its general obligation and revenue bonds.

Of the principal amount of the Village's direct outstanding general obligation debt, approximately \$11.1 million is payable from the Village water fund, \$600,000 from the Sanitary Sewer Fund, and \$1.6 million from the Storm Water Fund. Approximately \$3.17 million is supported by the Village's annual property tax levy but is payable by the Northbrook Public Library. Set forth in the following three tables are: the outstanding and current debt service from prior bonds and the Series 2015A Bonds, the current direct and overlapping general obligation debt, and the Village's debt per capita and debt ratios.

VILLAGE ECONOMY

The Village of Northbrook offers a strong local economy with unusual personal wealth among residents; strong employment diversification; diversity of industrial, commercial, and office development; and natural and economic geographic advantages. As the location for a number of corporate headquarters, it has an additional distinction as a residential community for a number of corporate executives and of high home values. As an industrial community, it offers convenient transportation and proximity to Chicago and beyond. With a broad-based diversification of Village revenues and relatively low tax rates, the Village is able to offer a high level of governmental services to its residents.

TAX BASE

The Village's geographic location, east of the Tri-State Tollway, west and south of Interstate 94 and on the Milwaukee Road railroad (40 minutes from downtown Chicago), has made it a prime area for high value residential development. A substantial land area has also permitted development of important corporate offices and commercial shopping centers. Northbrook Court includes, for example, such stores as Neiman Marcus, Macy's, Lord & Taylor and Crate & Barrel, and features over 100 specialty shops like the Apple Store, H&M, XXI Forever, Coach, Louis Vuitton, and True Religion. Northbrook is home to corporate headquarters for international and national companies such as Crate & Barrel, Underwriters' Laboratories, Inc. and Wiss, Janney, Elstner Associates, as well as serves as the Northern Illinois distribution center for the United Parcel Service.

Major corporate entities adjacent to Northbrook include the corporate headquarters for Allstate Insurance Company, Kraft Foods, and Baxter Laboratories, as well as the North American headquarters for Takeda Pharmaceutical Company and Astellas Pharma.

RETAIL TRADE

The variety of retail activity encompassed by the Village's commercial sector is highlighted in the table below. With the 2007 adoption of the 3/4 of 1% Village sales tax, tax rates in Northbrook have become comparable to sales tax rates in neighboring communities. The following chart shows state sales tax receipts by month as budgeted and for the past three fiscal years.

Monthly Sales Tax Receipts

VILLAGE INFRASTRUCTURE AND SERVICES

The Village has been supplied with Lake Michigan water for over 50 years with service since 1963 provided by a Village-owned Lake Michigan water intake (and a second intake built in 1993), a three-mile transmission main and a second transmission main constructed in 1993, a 20 million gallon per day (MGD) capacity treatment plant and 162 miles of distribution mains. Average daily pumping is approximately 5.25 million gallons. The Village has an I.S.O. rating of "2". Sewage collection is a Village responsibility with treatment provided by the Metropolitan Water Reclamation District of Greater Chicago.

Expressways surround the Village on three sides. In addition, commuter rail service to downtown Chicago is provided by the Regional Transportation Authority over tracks of the Milwaukee Railroad. The Public Safety Building was constructed in 1973-74 at a cost of approximately \$1.7 million. In 1997, a \$3 million renovation and expansion to the Public Safety Building was undertaken. In 1979, the Village purchased the 56,000 square foot Northbrook Racquet Club for \$1.25 million and expended \$500,000 to remodel the structure to serve as the Public Works Center. In 2008, the Village spent \$1.3 million to remodel and update this facility and to provide additional and more functional office space.

The Northbrook Public Library, constructed in 1967-68 at a cost of approximately \$1,050,000 (a \$1.1 million addition was constructed in 1973-74), has a 200-seat auditorium and a 150,000-volume collection, which are supplemented by over 15 million volumes through membership in the North Suburban Library System. In December 1997, the Village borrowed \$9.7 million to renovate and expand the Library. In July 2013, the Village borrowed an additional \$6.5 million to remodel and expand the Library.

SCHOOLS

The Village is served by six elementary school districts. Northfield Township High School District No. 225 has two high schools. One serves primarily Northbrook students (Glenbrook North) and the other serves primarily Glenview students. Glenbrook North (2014-15 enrollment of 2,038) is situated upon a 72 acre campus and features a 1,500 seat Center for the Performing Arts, one main and four instructional gymnasiums, technology and wireless equipped classrooms, and a lighted football field. In 2012, 98% of all graduating students matriculated to institutions of higher learning.

WEALTH

The following tables show Illinois' ten wealthiest communities with a population of 25,000 or more as of the 2009-12 American Community Survey Estimate. The Village ranked fifth in median household income (note that median household income figures are estimated as of 2009 – 2012).

HOUSING

The 2008-12 American Community Survey estimates revealed that the Village's housing stock continues to be predominantly single family, owner occupied with 81.5% of the units so categorized. Cook County reported 45.3% single-family housing units and the State 64.4%. The Village's 2008 – 2012 estimated Median Home Value of \$528,400 was 276.94% greater than the Statewide Median of \$190,800. The following table compares the Median Home Value by the value groupings in the 2008 - 2012 Census estimates of the Village of Northbrook, Cook County and the total State.

BUILDING ACTIVITY

Reflecting population increases and continued industrial and commercial development over the past decade, the Village has experienced substantial and relatively constant building activity. The average construction value of a residential building permit rose from \$167,787 in 2012 to \$299,475 in 2014, an increase of 78%.

ECONOMIC DEVELOPMENT AND INITIATIVES

Northbrook continues to be a highly attractive place to live and conduct business.

It is clear that the business community continues to see Northbrook as an attractive place to grow and expand. The retail sector remains healthy anchored by the 1 million square foot high-end Northbrook Court mall, the 417,000 square foot Willow Festival shopping center, and the 335,000 square foot Village Square shopping center. The overall community retail vacancy rate of around 5% should continue to remain low with the recent announcements of the following national chains opening T.J. Maxx (26,500 sf), DSW (23,800 sf), Party City (15,000 sf), Arhaus furniture (17,000 sf), and Advanced Auto Parts (14,000 sf) and the opening of small locally owned restaurants such as House 406 and Taboun Grill.

The NorthShore 770 mixed use development project located on the northwest corner of Dundee Road and Skokie Boulevard recently started construction in August 2014. The development will consist of a 100,000 square foot shopping center anchored by Mariano's grocery store and a 347-unit luxury apartment building. Other announced commercial tenants include Panera Bread, Chipotle, Sleepy's, Kriser's, Zengeler Cleaners, Fuddruckers, and PNC Bank.

Construction has begun on the 52,500 square foot Meadow Park Office development at the northwest corner of Founder Drive and Techny Road. Lurie's Children Hospital will be occupy 17,500 square feet as an outpatient facility, and Bright Horizon will operate a 160-child day care facility out of 12,000 square feet.

Residential development continues to be strong. In response to the aging of the overall population, a number of senior housing projects are under development. The first phase of North Shore Place at 1000 Sunset Ridge Boulevard, a 188-unit assisted living facility, has been completed. Covenant Village at 2625 Techny Road is in the process of constructing a new 56-unit, three-story independent senior living apartment building as part of its existing continuum of care community. The second phase of The Lodge on Founder Drive has been completed with additional phases under construction and planned for a total of 147 units. And the Village has recently approved a proposed 69-bed memory care facility by Koelsch Senior Communities at 99 Pointe Drive.

Interest in construction of single family homes has picked up. Kogen Zivin Friedman recently received concept plan approval for a 21-unit detached single family home development on a 6.8 acre site located in the 3800 block of Dundee Road. Pulte Homes has submitted a formal application seeking approval of a proposed 18-unit single family detached development located on a 5.1 acre site generally on the northeast corner of Willow Road and Landwehr. In the early stages of the development review process, Edward R. James is proposing a 38-unit detached single family home development located on a 15.9 acre site on the northeast corner of Waukegan and Voltz road. Also, redevelopment of single family home sites for newer, larger homes continues in Northbrook. The number of such redevelopment sites is the highest since 2008.

Life Time Fitness and the Finger Companies have proposed a mixed use development along Skokie Boulevard, just south of the intersection of Skokie Boulevard and Sunset Ridge Road. The development would include an 86,000-square foot high-end fitness center and a 4-story, 338-unit luxury rental apartment complex.

Development of a mixed use project, anchored by Astellas Pharma, a major pharmaceutical company, continues to be constructed on Willow Road adjacent to the Tollway. In addition to a 290-unit residential rental complex by Lennar, the development will contain a Mariano's grocery store, a LA Fitness, Starbucks, CVS, Chipotle and other commercial uses. Though located in the Village of Glenview, a revenue sharing agreement negotiated as part of the Willow Road Corridor Agreement between Northbrook and Glenview calls for Northbrook receiving 50% of the annexation fees and 30% of the ongoing revenue stream (sales, property, and other taxes) now that the property is under development.

REAL PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION

SUMMARY OF PROPERTY ASSESSMENT, TAX LEVY AND COLLECTION PROCEDURES

A separate tax to pay the principal of and interest on the Bonds will be levied on all taxable real property within the City. The information under this caption describes the current procedures for real property assessments, tax levies and collections throughout Cook County (the "County"). There can be no assurance that the procedures described herein will not change.

REAL PROPERTY ASSESSMENT

The County Assessor (the "Assessor") is responsible for the assessment of all taxable real property within Cook County (the "County"), including that in the City, except for certain railroad property and pollution control facilities, which are assessed directly by the Illinois Department of Revenue (the "Department of Revenue"). For triennial reassessment purposes, Cook County is divided into three districts: west and south suburbs (the "South Tri"), north and northwest suburbs (the "North Tri"), and the City of Chicago (the "City Tri"). The City is located in the North Tri and was reassessed for the 2013 tax levy year.

Real property in the County is separated into classes for assessment purposes. After the County Assessor establishes the fair market value of a parcel of property, that value is multiplied by the appropriate classification percentage to arrive at the assessed valuation (the "Assessed Valuation") for the parcel. Prior to the 2009 tax levy year, the classification percentages ranged from 16% for certain residential, commercial and industrial property to 36% and 38%, respectively, for other industrial and commercial property. On September 17, 2008, the Cook County Board of Commissioners approved changes to the property classification ordinance. The changes reduced the percentages used to calculate the assessed value of real property in the County for real estate tax purposes. These reductions take effect

in the 2009 tax levy year. Such new classification percentages range from 10% for certain residential, commercial and industrial property to 25% for other industrial and commercial property.

Property is classified for assessment into six basic categories, each of which is assessed (beginning with the 2009 tax levy year) at various percentages of fair market value as follows: Class 1) unimproved real estate - 10%; Class 2) residential - 10%; Class 3) rental-residential - 16%, in tax year 2009, 13% in assessment year 2010, and 10% in assessment year 2011 and subsequent years; Class 4) not-for-profit - 25%; Class 5a) commercial - 25%; Class 5b) industrial - 25%.

There are also seven additional categories. Newly constructed industrial properties or substantially rehabilitated sections of existing industrial properties within the County may qualify for a Class 6b assessment level, which assessment level is 10% for the first 10 years and for any subsequent 10-year renewal periods. However, if the incentive is not renewed, the 6b assessment level is 15% in year 11 and 20% in year 12, hereafter reverting to Class 5b. Real estate, which is to be used for industrial or commercial purposes where such real estate has undergone environmental testing and remediation, may be eligible for a Class C assessment level. The Class C assessment level for industrial properties is 10% for the first 10 years, 15% in year 11 and 20% in year 12, thereafter reverting to Class 5b. Class C commercial properties are assessed at 10% for the first 10 years, 15% in year 11 and 20% in year 12, thereafter reverting to Class 5a. Commercial properties that are newly constructed or substantially rehabilitated and are within an area determined to be an area in need of commercial development may be classified as Class 7a or 7b property, and will then be assessed at a level of 10% for the first 10 years, 15% in year 11 and 20% in year 12, thereafter reverting to Class 5a. Certain commercial and industrial properties located in zones determined to be in need of substantial revitalization or in an enterprise community could be eligible for Class 8 assessments. The Class 8 assessment level for industrial properties is 10% for the first 10 years and for any subsequent 10-year renewal periods. If the incentive is not renewed, the Class 8 assessment level for industrial properties is 15% in year 11 and 20% in year 12, thereafter reverting to Class 5b. The Class 8 assessment level for commercial properties is 10% for the first 10 years, 15% in year 11 and 20% in year 12, thereafter reverting to Class 5a. Substantially rehabilitated or new construction multi-family residential properties within certain target areas, empowerment or enterprise zones may be eligible for Class 9 categorization. The Class 9 assessment level is 10% for an initial 10-year period, renewable upon application for additional 10-year periods. When the Class 9 assessment level expires, the assessment level reverts to the applicable classification. Rental-residential (Class 3) properties subject to a Section 8 contract that has been renewed under the "Mark Up To Market" option may qualify for a Class S assessment level. The Class S assessment level is 10% for the term of the Section 8 contract renewal under the Mark Up To Market option, and for any additional terms of renewal of the Section 8 contract under the Mark Up To Market option. When the Class S assessment level expires, the assessment level reverts to Class 3. Substantially rehabilitated properties which are designated as Class 3, Class 4, Class 5a or Class 5b and which qualify as Landmark or Contributing buildings may qualify for a Class L assessment level. The Class L assessment level for Class 3, 4 or 5b properties is 10% for the first 10 years and for any subsequent 10-year renewal periods. If the incentive is not renewed, the Class L assessment level is 15% in year 11 and 20% in year 12, thereafter reverting to Class 3, 4 or 5b. Class L commercial properties are assessed at 10% for the first 10 years, 15% in year 11 and 20% in year 12, thereafter reverting to Class 5a.

The Assessor has established procedures enabling taxpayers to contest their proposed Assessed Valuations. Once the Assessor certifies its final Assessed Valuations, a taxpayer can seek review of its assessment by appealing to the Cook County Board of Review, which consists of three commissioners elected by the voters of the County. The Board of Review has the power to adjust the Assessed Valuations set by the Assessor.

Among others, owners of both residential property having six or fewer units and owners of real estate other than residential property with six or fewer units are able to appeal decisions of the Board of Review to the Illinois Property Tax Appeal Board (the “PTAB”), a statewide administrative body. The PTAB has the power to determine the Assessed Valuation of real property based on equity and the weight of the evidence. Taxpayers may appeal the decision of PTAB to either the Circuit Court of Cook County or the Illinois Appellate Court under the Illinois Administrative Review Law.

As an alternative to seeking review of Assessed Valuations by PTAB, taxpayers who have first exhausted their remedies before the Board of Review may file an objection in the Circuit Court of Cook County similar to the previous judicial review procedure but with a different standard of proof than that previously required. In addition, in cases where the Assessor agrees that an assessment error has been made after tax bills have been issued, the Assessor can correct any factual error, and thus reduce the amount of taxes due, by issuing a Certificate of Error. Certificates of Error are not issued in cases where the only issue is the opinion of the valuation of the property.

EQUALIZATION

After the County Assessor has established the Assessed Valuation for each parcel for a given year, and following any revisions by the Board of Review or PTAB, the Illinois Department of Revenue is required by statute to review the Assessed Valuations. The Illinois Department of Revenue establishes an equalization factor (the “Equalization Factor”), commonly called the “multiplier,” for each county to make all valuations uniform among the 102 counties in the State. Under State law, the aggregate of the assessments within each county is to be equalized at 33-1/3% of the estimated fair cash value of real property located within the county prior to any applicable exemptions. One multiplier is applied to all property in Cook County, regardless of its assessment category, except for some farmland property which is not subject to equalization.

Once the Equalization Factor is established, the Assessed Valuation, as revised by the Board of Review or PTAB, is multiplied by the Equalization Factor to determine the equalized assessed valuation (the “EAV”) of that parcel. The EAV for each parcel is the final property valuation used for determination of tax liability. The aggregate EAV for all parcels in any taxing body’s jurisdiction, plus the valuation of property assessed directly by the State, constitutes the total real estate tax base for the taxing body and is the figure used to calculate tax rates (the “Assessment Base”). The following table sets forth the Equalization Factor for Cook County for the last five tax levy years.

Tax Levy Year	Equalization Factor
2009	3.3701
2010	3.3000
2011	2.9706
2012	2.8056
2013	2.6621

EXEMPTIONS

Public Act 95-644, effective October 17, 2007 and Public Act 098-0007 effective April 23, 2013, made changes to and added a number of property tax exemptions taken by residential property owners. These changes are discussed below.

An annual General Homestead Exemption provides that the EAV of certain property owned and used for residential purposes (“Residential Property”) may be reduced by \$5,000 for assessment years 2004 through assessment year 2007. Additionally, the reduction may be \$5,500 for assessment year 2008 and \$6,000 for assessment years 2009 through 2011. For taxable years 2012 and thereafter, the maximum reduction is \$7,000 in counties with 3,000,000 or more inhabitants and \$6,000 in all other counties (the “General Homestead Exemption”).

The Alternative General Homestead Exemption (the “Alternative General Homestead Exemption”) caps EAV increases for homeowners (who also reside on the property as their principal place of residence) at 7% a year, up to a certain maximum each year as defined by the statute. Any amount of increase that exceeds the maximum exemption as defined is added to the 7% increase and is part of that property’s taxable EAV. Homes that do not increase by at least 7% a year are entitled, in the alternative, to the General Homestead Exemption as discussed above.

The Base Year for purposes of calculation of the Alternative General Homestead Exemption is 2003 for properties located in the North Tri such as the City. The Homestead Value is the EAV of the homestead property minus the General Homestead Exemption for that year: \$5,000 for 2006 and 2007; \$5,500 for 2008 and \$6,000 for the year 2009 and thereafter.

For properties in the City Tri, the Alternative General Homestead Exemption cannot exceed \$33,000 for assessment year 2006 (except as noted below), \$26,000 for assessment year 2007, \$20,000 for assessment year 2008 and \$6,000 thereafter. For properties in the North Tri, the Alternative General Homestead Exemption cannot exceed \$20,000 for assessment year 2006, \$33,000 for assessment year 2007, \$26,000 for assessment year 2008, \$20,000 for assessment year 2009 and \$6,000 thereafter. For properties in the South Tri, the Alternative General Homestead Exemption cannot exceed \$20,000 for assessment years 2006 and 2007, \$33,000 for assessment year 2008, \$26,000 for assessment year 2009, \$20,000 for assessment year 2010 and \$6,000 thereafter.

Furthermore, only in the City Tri and only for assessment year 2006, the maximum exemption amount may be increased to: (i) \$40,000, provided that the EAV of the property for assessment year 2006 exceeds the EAV of that property for assessment year 2002 by an amount equal to or greater than 100%, or (ii) \$35,000 provided that the EAV of the property for assessment year 2006 exceeds the EAV of that property for assessment year 2002 by an amount greater than 80% but not more than 100%.

Finally, the Long-Time Occupant Homestead Exemption applies to those counties subject to the Alternative General Homestead Exemption, including Cook County. Beginning with assessment year 2007 and thereafter, the EAV of homestead property of a taxpayer who has owned the property for at least 10 years (or 5 years if purchased with certain government assistance) and who has a household income of \$100,000 or less (“Qualified Homestead Property”) may increase by no more than 10% per year. If the taxpayer’s annual income is \$75,000 or less, the EAV of the Qualified Homestead Property may increase by no more than 7% per year. There is no exemption limit for Qualified Homestead Properties. Individuals applying for this exemption must comply with the following guidelines: (i) continuously occupy their property for 10 years, as of January 1st of the assessment year, and occupy such property as their principal residence or, (ii) continuously occupy their property as their principal

place of residence for 5 years, as of January 1st of the assessment year, provided that the property was purchased with certain government assistance.

In addition, the Homestead Improvement Exemption (“Homestead Improvement Exemption”) applies to residential properties that have been improved and to properties that have been rebuilt in the two years following a catastrophic event. The exemption is limited to \$75,000 per year beginning January 1, 2004, and thereafter, to the extent the assessed value is attributable solely to such improvements or rebuilding.

Additional exemptions exist for senior citizens. The Senior Citizens Homestead Exemption (“Senior Citizens Homestead Exemption”) operates annually to reduce the EAV on a senior citizen’s home by \$3,500 in all counties. In addition, for assessment year 2008 through 2011, the maximum reduction is \$4,000 for all counties. For taxable year 2012, the maximum reduction is \$5,000 in counties with 3,000,000 or more inhabitants and \$4,000 in all other counties. For taxable years 2013 and thereafter, the maximum reduction is \$5,000 in all counties. Furthermore, property that is first occupied as a residence after January 1 of any assessment year by a person who is eligible for the Senior Citizens Homestead Exemption must be granted a prorata exemption for the assessment year based on the number of days during the assessment year that the property is occupied as a residence by a person eligible for the exemption.

A Senior Citizens Assessment Freeze Homestead Exemption (“Senior Citizens Assessment Freeze Homestead Exemption”) freezes property tax assessments for homeowners who are 65 and older, reside in their property as their principal place of residence and receive a household income not in excess of the maximum income limitation. The maximum income limitation is \$50,000 for assessment years 2006 and 2007; for assessment years 2008 and after, the maximum income limitation is \$55,000. In general, the exemption grants qualifying senior citizens an exemption based upon a “freeze” of their home’s Assessed Valuation.

Another exemption, available to disabled veterans, may be applied annually to exempt up to \$70,000 of the Assessed Valuation of property owned and used exclusively by such veterans or their spouses for residential purposes. However, individuals claiming exemption under the Disabled Persons’ Homestead Exemption (“Disabled Persons’ Homestead Exemption”) or the hereinafter defined Disabled Veterans Standard Homestead Exemption cannot claim the aforementioned exemption.

Also, certain property is exempt from taxation on the basis of ownership and/or use, such as public parks, not-for-profit schools and public schools, churches, and not-for-profit hospitals and public hospitals.

Furthermore, beginning with assessment year 2007, the Disabled Persons’ Homestead Exemption provides an annual homestead exemption in the amount of \$2,000 for property that is owned and occupied by certain persons with a disability. However, individuals claiming exemption as a disabled veteran or claiming exemption under the Disabled Veterans Standard Homestead Exemption cannot claim the Disabled Persons’ Homestead Exemption.

In addition, the Disabled Veterans Standard Homestead Exemption (“Disabled Veterans Standard Homestead Exemption”) provides disabled veterans an annual homestead exemption starting with assessment year 2007 and thereafter. Specifically, (i) those veterans with a service-connected disability of 75% are granted an exemption of \$5,000 and (ii) those veterans with a service-connected disability of less than 75%, but at least 50%, are granted an exemption of \$2,500. Furthermore, the veteran’s surviving spouse is entitled to the benefit of the exemption, provided that the spouse has legal or beneficial title of the homestead, resides permanently on the homestead and does not remarry. Moreover,

if the property is sold by the surviving spouse, then an exemption amount not to exceed the amount specified by the current property tax roll may be transferred to the spouse's new residence, provided that it is the spouse's primary residence and the spouse does not remarry. However, individuals claiming exemption as a disabled veteran or claiming an exemption under the Disabled Persons' Homestead Exemption cannot claim the aforementioned exemption.

Also, beginning with assessment year 2007, the Returning Veterans' Homestead Exemption ("Returning Veterans' Homestead Exemption") is available for property owned and occupied as the principal residence of a veteran in the assessment year the veteran returns from an armed conflict while on active duty in the United States armed forces. This provision grants a homestead exemption of \$5,000, which is applicable in all counties. In order to apply for this exemption, the individual must pay real estate taxes on the property, own the property or have either a legal or an equitable interest in the property, subject to some limitations. Those individuals eligible for this exemption may claim the exemption in addition to other homestead exemptions, unless otherwise noted.

TAX LEVY

As part of the annual budgetary process of governmental units (the "Units") with power to levy taxes in the County, proceedings are adopted by the designated body for each Unit each year in which it determines to levy real estate taxes. The administration and collection of real estate taxes is statutorily assigned to the County Clerk and the County Treasurer. After the Units file their annual tax levies, the County Clerk computes the annual tax rate for each Unit. The Cook County Clerk uses the prior year's EAV to compute the taxing district's maximum allowable levy. The maximum levy that can be raised for a Unit is the maximum tax rate for that Unit multiplied by the prior year, EAV for all property currently in the district. The prior year's EAV includes the prior year's EAV plus the EAV of any new property, the current year value of any annexed property, and any recovered tax increment value, minus any disconnected property for the current year under the Property Tax Extension Limitation Law ("Limitation Law"). The tax rate for a Unit is computed by dividing the lesser of the maximum allowable levy or the actual levy by the current year's EAV.

EXTENSIONS

The County Clerk then computes the total tax rate applicable to each parcel of real property by aggregating the tax rates of all of the Units having jurisdiction over the particular parcel. The County Clerk extends the tax by entering the tax (determined by multiplying the total tax rate by the EAV of that parcel for the current assessment year) in the books prepared for the County Collector (the "Warrant Books") along with the tax rates, the Assessed Valuation and the EAV. The Warrant Books are the County Collector's authority for the collection of taxes and are used by the County Collector as the basis for issuing tax bills to all property owners.

COLLECTIONS

Property taxes are collected by the County Collector, who is also the County Treasurer, who remits to each Unit its share of the collections. Taxes levied in one year become payable during the following year in two installments, the first due on March 1 and the second on the later of August 1 or 30 days after the mailing of the tax bills. A payment due is deemed to be paid on time if the payment is postmarked on the due date. The first installment is equal to one-half of the prior year's tax bill; beginning in collection year 2010, this estimated amount was raised to 55% of the prior year's tax bill. However, if a Certificate of Error is approved by a court or certified on or before November 30 of the preceding year and before the estimated tax bills are prepared, then the first installment is instead equal to one-half of the corrected prior year's tax bill. The second installment is for the balance of the current

year's tax bill, and is based on the then current tax year levy, assessed value and Equalization Factor, and reflects any changes from the prior year in those factors. The following table sets forth the second installment penalty date for the last 5 tax levy years in Cook County; the first installment penalty date has been March 1 for all such years.

Tax Levy Year	Second Installment Penalty Date
2009	December 13, 2010
2010	November 2, 2011
2011	August 1, 2012
2012	August 1, 2013
2013	August 1, 2014

It is possible that the changes to the assessment appeals process described above will cause delays similar to those experienced in past years in preparation and mailing of the second installment in future years. The County may provide for tax bills to be payable in four installments instead of two. However, the County has not required payment of tax bills in four installments. During the periods of peak collections, tax receipts are forwarded to each Unit on a weekly basis. Upon receipt of taxes from the County Collector, the City promptly credits the taxes received to the funds for which they were levied.

At the end of each collection year, the County Collector presents the Warrant Books to the Circuit Court and applies for a judgment for all unpaid taxes. The court orders resulting from the application for judgment provides for an Annual Tax Sale (the "Annual Tax Sale") of unpaid taxes shown on that year's Warrant Books. A public sale is held, at which time successful tax buyers pay the unpaid taxes plus penalties. In each such public sale, the collector can use any "automated means." Unpaid taxes accrue penalties at the rate of 1.5% per month from their due date until the date of sale. Taxpayers can redeem their property by paying the amount paid at the sale, plus a maximum of 12% for each six-month period after the sale. If no redemption is made within the applicable redemption period (ranging from six months to two and one-half years depending on the type and occupancy of the property) and the tax buyer files a petition in the Circuit Court, notifying the necessary parties in accordance with the applicable law, the tax buyer receives a deed to the property. In addition, there are miscellaneous statutory provisions for foreclosure of tax liens.

If there is no sale of the tax lien on a parcel of property at the Annual Tax Sale, the taxes are forfeited and the property becomes eligible to be purchased at any time thereafter at an amount equal to all delinquent taxes and interest accrued to the date of purchase. Redemption periods and procedures are the same as applicable to the Annual Tax Sale.

The Scavenger Sale (the "Scavenger Sale"), like the Annual Tax Sale, is a sale of unpaid taxes. The Scavenger Sale is held every two years on all property on which two or more years' taxes are delinquent. The sale price of the unpaid taxes is the amount bid at such sale, which may be less than the amount of delinquent taxes. Redemption periods vary from six months to two and a half years depending upon the type and occupancy of the property.

TRUTH IN TAXATION LAW

Legislation known as the Truth in Taxation Law (the "Law") limits the aggregate amount of certain taxes which can be levied by, and extended for, a taxing district to 105% of the amount of taxes extended in the preceding year unless specified notice, hearing and certification requirements are met by the taxing body. The express purpose of the Law is to require published disclosure of, and hearing upon, an intention to adopt a levy in excess of the specified levels.

CONTINUING DISCLOSURE

In the Bond Ordinance, the Village has covenanted and agreed, for the benefit of the beneficial owners of the Bonds, to provide certain financial information and operating data relating to the Village within 210 days after the close of the Village's fiscal year (the "Annual Report"); and to provide notices of the occurrence of certain enumerated events in a timely manner not in excess of 10 business days after the occurrence of the event. The Annual Report will be filed by the Village with the Municipal Securities Rulemaking Board (the "MSRB") for disclosure on its Electronic Municipal Market Access ("EMMA") system. The information to be contained in the Annual Report will consist of the Comprehensive Annual Financial Report containing the audited financial statement of the Village, as well as additional financial and statistical information on the Village. Each annual audited financial statement will conform to generally accepted accounting principles applicable to governmental units and will be prepared in accordance with standards of the Governmental Accounting Standards Board. If the audited financial statement is not available, then an unaudited financial statement will be included in the Annual Report and the audited financial statement will be filed promptly after it becomes available. The notices of enumerated events and timely notice of any failure of the Village to file its Annual Report within the 210 day period will be filed by the Village with the MSRB for disclosure on EMMA. The Village's undertaking with respect to enumerated events includes timely notice of the occurrence of any of the following events with respect to the Bonds:

1. Principal and interest payment delinquencies;
2. Non-payment related defaults, if material;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;
4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax-exempt status of the Bonds, or other events affecting the tax-exempt status of the Bonds;
7. Modifications to rights of Bondholders;
8. Bond calls;
9. Defeasances;
10. Release, substitution or sale of property securing repayment of the Bonds, if material;
11. Rating changes;
12. Tender offers;
13. Bankruptcy, insolvency, receivership or similar event of the Village;
14. The consummation of a merger, consolidation, or acquisition involving the Village or the sale of all or substantially all of the assets of the Village, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
15. Appointment of a successor or additional trustee or the change of name of a trustee if material.

The event identified in clause (13) is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Village in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Village, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of

an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Village.

The Village has agreed to the foregoing undertakings in order to assist participating underwriters of the Bonds and brokers, dealers and municipal securities dealers in complying with Securities and Exchange Commission Rule 15c2-12(b)(5) promulgated under the Securities Exchange Act of 1934. The Village will provide the foregoing information for so long as Rule 15c2-12(b)(5) is applicable to the Bonds and the Village remains an “obligated person” under the Rule with respect to the Bonds. No provision of the Bond Ordinance limits the remedies available to any beneficial owner of the Bonds with respect to the enforcement of the continuing disclosure covenants of the Village described above. Failure to comply with the continuing disclosure covenants will not constitute an event of default under the Bond Ordinance.

The Village may amend the continuing disclosure undertakings contained in the Bond Ordinance upon a change in circumstances provided that (a) the undertakings, as amended, would have complied with the requirements of Rule 15c2-12(b)(5) at the time of this offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances and (b) in the opinion of nationally recognized bond counsel selected by the Village, the amendment does not materially impair the interests of the beneficial owners of the Bonds.

The Village previously entered into a Continuing Disclosure Agreement in connection with the issuance by the Village of its General Obligation Bonds, Series 2000, Series 2001, Series 2002, Series 2003, Series 2004, Series 2005, Series 2006, Series 2007, Series 2008, Series 2010, Series 2011, Series 2012A, Series 2012B and Series 2014A for the benefit of holders of those bonds to provide annual financial information and event notices pursuant to SEC Rule 15c2-12(b)(5). As of the date of this Official Statement, all required information has been submitted to the NRMSIRs or EMMA. Previously entered into Continuing Disclosure Agreements with respect to the Village’s General Obligation Bonds, Series 2007 and Series 2008 stipulate the Village must file the Annual Report within 180 days after the close of the Village’s fiscal year (April 30). The Village filed the Annual Report for the 2010 fiscal year on October 28, 2010 and the Village filed the Annual Report for the 2013 fiscal year on October 29, 2013.

LEGAL MATTERS

Legal matters incident to the authorization, issuance and sale of the Bonds are subject to the approving opinion of Katten Muchin Rosenman LLP, Chicago, Illinois, Bond Counsel, whose approving opinion will be delivered with the Bonds (See Appendix A). Bond Counsel has reviewed the statements in this Official Statement appearing under the headings “Description of the Bonds” and is of the opinion that the statements contained under such heading are accurate statements or summaries of the matters set forth therein and fairly present the information purported to be shown. Except for the foregoing, however, Bond Counsel has not independently verified the accuracy or completeness of statements and information contained in the Official Statement and does not assume any responsibility for the accuracy or completeness of such statements and information.

TAX STATUS

Interest on the Bonds is taxable and may not be excluded from the gross income of the owners thereof for Federal income tax purposes. Interest on the Bonds is not exempt from Illinois income taxes.

ABSENCE OF LITIGATION

The Village is not a party to, nor has it been threatened with, any litigation concerning the Bonds or the Ordinance. At the time of delivery of the Bonds, the Village will certify that there is no litigation or other proceedings pending or, to the knowledge of the Village threatened, in any court, (either state or federal) restraining or enjoining the issuance, sale or delivery of the Bonds, or in any way questioning or affecting (i) the proceedings under which the Bonds are to be issued, (ii) the validity of any provision of the Bonds or the Ordinance, (iii) the levy or collection of the taxes levied and pledged to the payment of the principal of and interest on the Bonds, or (iv) the title to office of the present officials of the Village.

RATINGS

Moody's Investors Service, Inc. ("Moody's"), 7 World Trade Center at 250 Greenwich Street, New York, New York 10007, and Standard & Poor's Rating Group ("S&P"), 55 Water Street, New York, New York 10041, have assigned to the Bonds the ratings set forth on the front cover of this Official Statement. The Village supplied certain information to the rating agencies to be considered in evaluating the Bonds. These ratings express only the view of the rating agencies and an explanation of its significance may be obtained only from each respective rating service. There is no assurance that such ratings will continue for any period of time or that they will not be revised or withdrawn. A revision or withdrawal of such ratings may have an adverse effect on the market price of the Bonds.

UNDERWRITING

The Bonds were offered for sale by the Village at a public competitive sale on January 13, 2015. The best bid submitted at the sale was by BOSC, Inc., a subsidiary of BOK Financial Corp. (the "Underwriter"). The Village awarded the contract for sale of the Bonds to the Underwriter at a price of \$15,232,014.67 (reflecting an underwriting discount of \$162,985.33).

CLOSING CERTIFICATE

The Village will provide to the Underwriter at the time of delivery of the Bonds, a certificate confirming to the Underwriter that the Official Statement, together with any supplements to it, at the time of acceptance of the Underwriter's bid and at the time of delivery of the Bonds, was true and correct in all material respects and did not at any time contain any untrue statement of a material fact or omit to state a material fact required to be stated, where necessary to make the statements, in light of the circumstances under which they were made, not misleading.

This Official Statement has been duly approved, executed and delivered by the Village.

APPENDIX A
FORM OF OPINION OF BOND COUNSEL

The President and Board of Trustees of the
Village of Northbrook, Illinois

Dear Members:

We have examined a record of proceedings relating to the issuance of \$15,395,000 principal amount of Taxable General Obligation Refunding Bonds, Series 2015A (the “Bonds”), of the Village of Northbrook, a municipal corporation and a home rule unit of the State of Illinois situate in the County of Cook. The Bonds are authorized and issued pursuant to the provisions of Section 6 of Article VII of the Illinois Constitution of 1970, and by virtue of an ordinance adopted by the President and Board of Trustees of the Village on January 13, 2015 and entitled: “Ordinance Authorizing the Issuance of Taxable General Obligation Refunding Bonds, Series 2015A, of the Village of Northbrook, Illinois” (the “Bond Ordinance”).

The Bonds are issuable in the form of fully registered bonds in the denominations of \$5,000 or any integral multiple thereof. Bonds delivered on original issuance are dated February 2, 2015. The Bonds mature on December 1 in each of the following years in the respective principal amount set opposite each such year in the following table, and the Bonds maturing in each such year bear interest from their date payable on June 1, 2015 and semiannually thereafter on each June 1 and December 1, at the respective rate of interest per annum set forth opposite such year:

<u>Year</u>	<u>Principal Amount</u>	<u>Interest Rate</u>
2015	\$ 440,000	0.45%
2016	350,000	0.80
2017	355,000	1.20
2022	360,000	2.40
2023	365,000	2.55
2024	1,035,000	2.70
2025	1,070,000	2.85
2026	1,105,000	3.00
2027	1,145,000	3.15
2028	1,185,000	3.30
2029	1,230,000	3.45
2030	1,280,000	3.60
2031	1,330,000	3.75
2032	1,390,000	3.85
2034	2,755,000	3.90

The Bonds maturing on or after December 1, 2025 are subject to redemption prior to maturity at the option of the Village, in such principal amounts and from such maturities as the Village shall determine, and by lot within a single maturity, on December 1, 2024 and on any date thereafter, at a redemption price equal to the principal amount thereof to be redeemed.

The Bonds maturing on December 1, 2034 are subject to mandatory redemption, in part and by lot, on December 1, 2033, in the principal amount of \$1,350,000, constituting a sinking fund installment, at a redemption price equal to the principal amount thereof to be redeemed.

In our opinion, the Bonds are valid and legally binding general obligations of the Village of Northbrook and the Village is obligated to levy ad valorem taxes upon all the taxable property within the Village for the payment of the Bonds and the interest thereon without limitation as to rate or amount. However, the enforceability of rights or remedies with respect to the Bonds may be limited by bankruptcy, insolvency or other laws affecting creditors' rights and remedies heretofore or hereafter enacted.

Interest on the Bonds is not exempt from Federal or Illinois income taxes.

Very truly yours,

APPENDIX B

BOOK-ENTRY SYSTEM

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of each series of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended (the "1934 Act"). DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("*Direct Participants*") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("*Indirect Participants*"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission (the "*Commission*"). More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("*Beneficial Owner*") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Village as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Village or Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with bonds held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Registrar, or the Village, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Village or the Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the Village or the Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The Village may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from DTC, and the Village takes no responsibility for the accuracy thereof.

The Village will have no responsibility or obligation to any Securities Depository, any Participants in the Book-Entry System or the Beneficial Owners with respect to (i) the accuracy of any records maintained by the Securities Depository or any Participant; (ii) the payment by the Securities Depository or by any Participant of any amount due to any Beneficial Owner in respect of the principal

amount or redemption price of, or interest on, any Bonds; (iii) the delivery of any notice by the Securities Depository or any Participant; (iv) the selection of the Beneficial Owners to receive payment in the event of any partial redemption of the Bonds; or (v) any other action taken by the Securities Depository or any Participant.

July 29, 2014

The Honorable Village President Frum
Members of the Board of Trustees
Village of Northbrook, Illinois

The Comprehensive Annual Financial Report of the Village of Northbrook for the fiscal year ended April 30, 2014, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Village. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds of the Village of Northbrook. All disclosures necessary to enable the reader to gain an understanding of the Village's financial activities have been included.

The financial section described above is prepared in accordance with generally accepted accounting principles for governments as prescribed by the Governmental Accounting Standards Board (GASB) and other professional associations as applicable. The fiscal year ended April 30, 2004 was the first year of implementation for GASB statement 34.

The Village provides a full range of services. These services include police and fire protection; water and sanitary sewer services; the construction and maintenance of highways, streets, and infrastructure; and cultural events. For financial reporting purposes, in conformity with the Governmental Accounting Standards Board Statement No. 61, this report includes all the funds, account groups and component units of the Village. For additional disclosures concerning the Village's reporting entity, see Note 1 to the financial statements.

ECONOMIC CONDITION AND OUTLOOK

Northbrook is located in northeastern Illinois, approximately 26 miles north of Chicago. While the population increased by 21% during the 1970's, growth moderated to 5% in the following decade. The 2010 census reported a population of 33,170, reflecting a decrease of 249 residents since the 2000 census.

Northbrook combines factors of unusual personal wealth among residents; a strong diversification of employment; a diversity of industrial, commercial and office development and geographic factors that contribute to a strong local economy. As the location for a number of corporate headquarters, it has the additional distinction as a residential community for a number of corporate executives and of high home values. As an industrial community, it offers convenient transportation and proximity to Chicago. With a broad-based distribution of Village revenues and relatively low tax rates, the Village is able to offer a high level of governmental services to its residents.

The Village's geographic location, east of the Tri-State Tollway, west and south of Interstate 94 and on the Milwaukee Road railroad (40 minutes from downtown Chicago), has made it a prime area for high value residential development. A substantial land area has also permitted development of important corporate offices and commercial shopping centers. Northbrook Court includes, for example, such stores as Neiman Marcus, Macy's, Lord & Taylor and Crate & Barrel and features over 100 specialty shops like the Apple Store, H&M, XXI Forever, Coach, Louis Vuitton and True Religion. Northbrook is home to corporate headquarters for international and national companies such as Crate & Barrel, Underwriters' Laboratories, Inc., and Wiss, Janney, Elstner Associates, as well as serves as the Northern Illinois distribution center for United Parcel Service. Major corporate entities adjacent to Northbrook include the corporate headquarters for Allstate Insurance Company, Kraft Foods, and Baxter; as well as North American headquarters for Takeda Pharmaceutical Company and Astellas Pharma. The careful planning and development of Northbrook should ensure an economically stable community for the foreseeable future. The wise development of the remaining property within the Village will further that stability.

MAJOR INITIATIVES

Accomplishments in Fiscal Year 2013/14

Fiscal Year 2013/14 continued to exemplify careful planning, thoughtful Village governance and leadership, and a deep, abiding respect for Northbrook citizens and businesses. Together, the Village Board and staff have responded to the economic challenges of the last several years with policies and processes that have focused our efforts to meaningfully and appropriately address the short- and long-term financial health of our Village government. Our quarterly budget reviews have transformed the way we manage the Village's finances and enhanced our ability to navigate new challenges as they arise. We have continued to refine the five year Capital Improvement Plan to make it into a valuable planning tool that allows us to look forward and better address the Village's long term capital and infrastructure needs. Two years ago, we introduced an expended two year budget for the General Fund to further assist the Village Board in the discussion of the Village's fiscal policy. Total General Fund operating expenditures in the fiscal year 2014/15 budget are within 1/2 % of our projections at this time last year.

Northbrook remains an attractive community to live and conduct business. Residents and businesses are investing in their futures in Northbrook, as evidenced by an increase in building permits. Permit revenues in FY 2012/13 and FY 2013/14 were 68% higher than they were two years ago. We anticipate further growth in FY 2014/15 as construction is expected to begin on the North Shore 770 project at the corner of Dundee Road and Skokie Blvd. This mixed use development will include 101,895 square feet of one-story commercial space anchored by a Mariano's grocery store as well as a 347-unit luxury apartment complex.

The five-year Capital Improvement Plan and the Village's expanded two-year operating budget provide the basis for meaningful planning and the capacity to adjust our resource allocations as necessary in order to meet the changing service needs of the community. Northbrook is one of only five communities in Illinois to carry triple-A ratings from both Standard and Poor's and Moody's. Our financial house is in order. The focus of this budget is rightfully on maintaining high quality public infrastructure and services.

Through this careful planning and analysis, the Village Board has demonstrated a commitment to maintaining and improving the Village's significant infrastructure. The Village maintains 270 lane miles of asphalt and concrete streets, 170 miles of water mains, 127 miles of sanitary sewers, and 123 miles of storm sewers. Proactive annual maintenance is required in order to protect our significant investment and avoid costly failures in the future.

Highlights of FY 2013/14 included:

- Evaluated Enterprise Resource Program (ERP) vendor proposals and conducted detailed product demos of three vendors. Checked references and participated in site visits to further evaluate two finalists.
- Managed the review of several major development applications requiring Plan Commission and Board of Trustees review, most notably: (a) a proposed Walmart store on Skokie Boulevard (withdrawn); (b) Northshore 770 mixed-use development at the intersection of Skokie Boulevard and Dundee Road (concept plan approved); and (c) Waterways carwash/gas station complex on Waukegan Road. Each of these projects had a significant amount of public interest and required major public education and outreach efforts.
- Issued building permits with the highest level of construction value since FY 2007/2008. Building permit revenues exceeded initial budget projections for the fiscal year by over \$500,000. Also, issued permits for the most new single family homes since FY2007/2008.
- Continued working with state and regional associations to analyze financial impacts of proposed legislation.
- Updated Outdoor Warning Siren System from analog to digital. This upgrade provides a more securely encrypted code, and allows each siren site to be monitored 24/7.
- Expanded use of the Village's website for posting of statistical information and weekly construction updates on projects. Also utilized Northbrook Notify and Facebook to share important updates concerning road closure updates and other timely information.
- Worked with GIS Consortium to convert and link existing data in the GIS system including the conversion of Oracle based utility information and linking digitized documents in Laserfiche to layers within the system. Expanded the use of the GIS system in developing the Capital Improvement Plan and tracking of water main break data.
- Received the Project of the Year Award from the Suburban Branch of the Chicago Metro Chapter of the American Public Works Association. The award honors projects with good construction management techniques, safety performance, community relations, and protection of the environment during construction, all of which were achieved during the year of construction.

FINANCIAL INFORMATION

Management of the Village is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the Village are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Budgeting Controls. The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual budget approved by the Village's governing body. Activities of the general fund, debt service fund, capital projects funds, enterprise funds, internal service fund and

pension trust funds are included in the annual budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level.

As demonstrated by the statements and schedules included in the financial section of this report, the Village continues to meet its responsibility of sound financial management.

General Fund Balance. The unassigned fund balance of the General Fund at fiscal year ended April 30, 2014 increased by 9% from the unassigned fund balance at May 1, 2013 .The unassigned fund balance is the equivalent of 47.1% of non-restricted General Fund revenues and operating transfers in, and 50% of non-restricted expenditures. This exceeds the fund balance policy previously established by the Village Board of Trustees which calls for an unrestricted fund balance equal to 40% of non-restricted revenues.

Debt Administration. At April 30, 2014, the Village had a number of general obligation debt issues outstanding which totaled \$73,562,430. Moody's Investors Service, in April of 1994, upgraded the Village's bond rating from Aa1 to Aaa. In November 2000, the Village also sought a rating from Standard & Poor's. Standard & Poor's also conveyed their highest rating (AAA) to the Village. Both of these ratings were re-affirmed in October 2014. In 2006, Standard & Poor's introduced a Financial Management Assessment (FMA) to their rating process. Northbrook's financial management received their highest rating of "strong". Only 10% of the government agencies rated by Standard & Poor's have received this top rating.

Under current state statutes, home rule communities do not have a legal limit on the amount of debt which can be issued, thus the Village's general obligation bonded debt issuances are not subject to a legal limitation. As of April 30, 2014 the Village's net general obligation bonded debt for governmental funds was \$59,265,548 and debt per capita equaled \$1,786.72. Net general obligation bonded debt is the gross general obligation bonded debt less the fund balance of the Debt Service Fund and debt payable from Enterprise Fund revenues.

OTHER INFORMATION

Independent Audit. State statutes require an annual audit by independent certified public accountants. The accounting firm of Lauterbach and Amen, LLP, was selected by the Village Board of Trustees. This audit meets the requirements set forth in state statutes. The auditor's report on the basic financial statements and combining and individual fund schedules as well as the information listed as supplemental is included in the financial section of this report.

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Northbrook for its Comprehensive Annual Financial Report for the fiscal year ended April 30, 2013. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

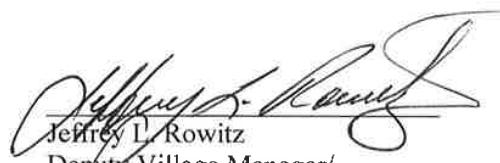

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR), whose contents conform to program standards. Such a CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA.

Acknowledgments. The timely preparation and submission of the Comprehensive Annual Financial Report was made possible by the dedicated service of the entire staff of the Finance Department and the assistance of our auditing firm, Lauterbach and Amen, LLP. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

Respectfully submitted,

Richard A. Nahrstadt

INDEPENDENT AUDITORS' REPORT

July 29, 2014

The Honorable Village President
Members of the Board of Trustees
Village of Northbrook, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Northbrook, Illinois, as of and for the year ended April 30, 2014, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Northbrook Public Library. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Northbrook Public Library, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Village's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Northbrook, Illinois, as of April 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Northbrook, Illinois', financial statements as a whole. The introductory section, combining and individual fund financial statements and schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis

April 30, 2014

Our discussion and analysis of the Village of Northbrook's financial performance provides an overview of the Village's financial activities for the fiscal year ended April 30, 2014. Please read it in conjunction with the transmittal letter on page iii - vii and the Village's financial statements, which begin on page 3.

FINANCIAL HIGHLIGHTS

- The Village's net position increased by 2.1% as a result of this year's operations. Net position of business-type activities decreased by about \$602,000, or 1.3%. Net position of governmental activities increased by \$3.2 million, or 4.1%.
- During the year, expenses were \$3.7 million less than the \$47.9 million generated in tax and other revenues for governmental programs.
- During the year, revenues for business-type activities were \$11.1 million while expenses were \$12.2 million, generating a decrease in net position before transfers of about \$1.1 million.
- The General Fund reported a surplus this year of \$2.4 million. Revenues were \$1.7 million higher than anticipated as the Village continued to see evidence of sustained recovery in our local economy and higher telecommunication tax. Expenditures were \$1.8 million less than the amended budget. This savings is mostly attributed to personnel costs from temporary vacancies and timing of capital expenditures.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 3 – 6) provide information about the activities of the Village of Northbrook as a whole and present a longer-term view of the Village's finances. Fund financial statements begin on page 7. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village's operation in more detail than the government-wide statements by providing information about the Village's most significant funds. The remaining statements provide financial information about activities for which the Village acts solely as a trustee or agent for the benefit of those outside of the government.

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis

April 30, 2014

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Village's finances, in a manner similar to a private-sector business. The government wide financial statements can be found on pages 3 - 6 of this report.

The Statement of Net Position reports information on all of the Village's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Village's property tax base and the condition of the Village's roads, is needed to assess the overall health of the Village.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) or from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, finance, public safety, highways and streets, community planning, development and engineering. The business-type activities of the Village include waterworks, sewerage, storm water management, parking operations and senior housing.

The Village includes one separate legal entity in its report, the Northbrook Public Library. Although legally separate, this "component unit" is important because the Village is financially accountable for it. Financial information for the component unit is reported separately from the financial information presented for the primary government itself.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis

April 30, 2014

USING THIS ANNUAL REPORT - Continued

Fund Financial Statements - Continued

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Village's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Debt Service Fund, Pension Contribution Fund, and Infrastructure Capital Projects Fund, all of which are considered major funds. Data from the other three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The Village adopts an annual budget for all funds except the Traffic Impact Fund, the Pension Contribution Fund, and the Tax Increment Financing Fund. A budgetary comparison schedule for all other funds has been provided to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 7 - 12 of this report.

Proprietary Funds

The Village maintains two different types of proprietary funds: enterprise and internal service. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village utilizes enterprise funds to account for its waterworks and sewerage, storm water management, senior housing and parking operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Village's various functions.

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis

April 30, 2014

USING THIS ANNUAL REPORT - Continued

Fund Financial Statements - Continued

Proprietary Funds – Continued

The Village uses an internal service fund to account for its insurance program. Because this service predominantly benefits governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Fund, Sanitary Sewer Fund, Stormwater Utility Fund, and Senior Housing Fund, all of which are considered to be major funds of the Village. The Revenue Parking Fund is reported as a non-major fund.

The basic proprietary fund financial statements can be found on pages 13 - 18 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 19 - 20 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21 - 64 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's I.M.R.F. and police and firefighters employee pension obligations, the Village's other postemployment benefit obligation, as well as the budgetary comparison schedule for the General Fund. Required supplementary information can be found on pages 65 - 69 of this report. The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 70 - 93 of this report.

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis April 30, 2014

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village, assets exceeded liabilities by \$127.3 million.

	Net Position (in Millions)					
	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
Current and Other Assets	\$ 64.1	57.4	10.1	7.3	74.2	64.7
Capital Assets	95.1	94.0	51.0	52.8	146.1	146.8
Total Assets	159.2	151.4	61.1	60.1	220.3	211.5
Long-Term Debt Outstanding	(59.2)	(55.3)	(13.5)	(11.7)	(72.7)	(67.0)
Other Liabilities/Deferred Inflows	(5.9)	(5.8)	(1.9)	(1.7)	(7.8)	(7.5)
Total Liabilities	(65.1)	(61.1)	(15.4)	(13.4)	(80.5)	(74.5)
Net Position						
Net Investment in Capital Assets	54.8	54.8	36.9	40.0	91.7	94.8
Restricted	6.5	6.8	-	-	6.5	6.8
Unrestricted	20.4	16.9	8.7	6.2	29.1	23.1
Total Net Position	81.7	78.5	45.6	46.2	127.3	124.7

By far the largest portion of the Village's net position, which is 72.0 percent, reflects its investment in capital assets (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, or 5.1 percent, of the Village's net position represents resources that are subject to external restrictions on how they may be used. The remaining 22.9 percent, or \$29.1 million, represents unrestricted net position and may be used to meet the Village's ongoing obligations to citizens and creditors.

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis April 30, 2014

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Net position of the Village's governmental activities increased by \$3.2 million (\$78.5 million compared to \$81.7 million). Unrestricted net position of the Village's governmental activities, the part of net position that can be used to finance day-to-day operations without constraints, increased 20.7% from \$16.9 million the previous fiscal year to \$20.4 million at the end of this year.

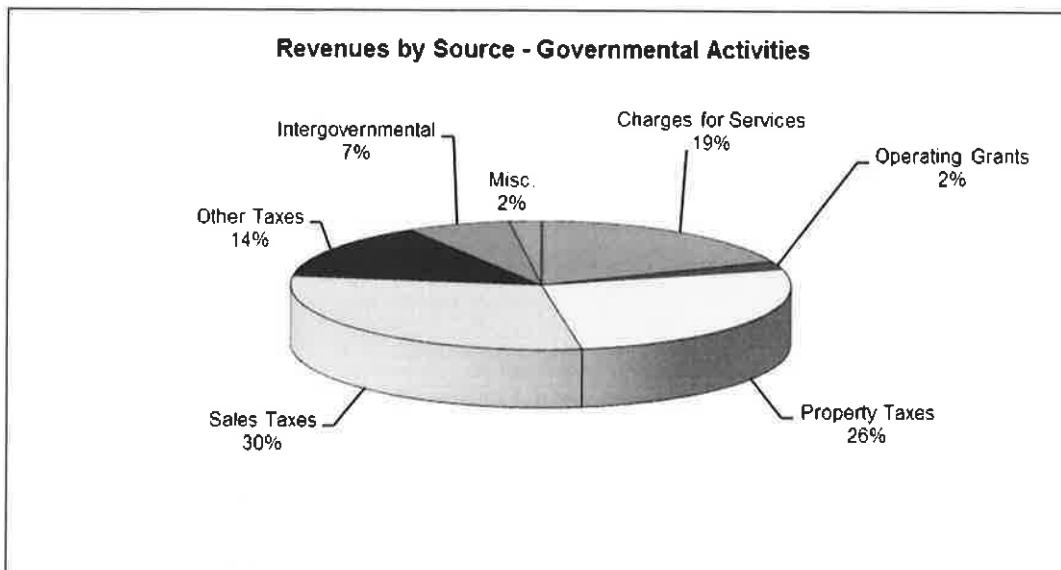

Net position of business-type activities decreased 1.3% from the prior year (\$46.2 million compared to \$45.6 million). The Village generally can only use this net position to finance the continuing operations of the waterworks, sewerage, storm water, senior housing and parking operations.

Total revenues increased by 1.7% percent, or \$1 million. The total cost of all programs and services increased by 2.4%, or \$1.3 million.

Governmental Activities

Revenues for governmental activities (excluding special items) were \$47.9 million, while total expenses were \$44.2 million.

The following table graphically depicts the major revenue sources of the Village. It depicts very clearly the reliance on sales taxes to fund governmental activities. It also clearly identifies the minor percentage the Village receives from other governments.

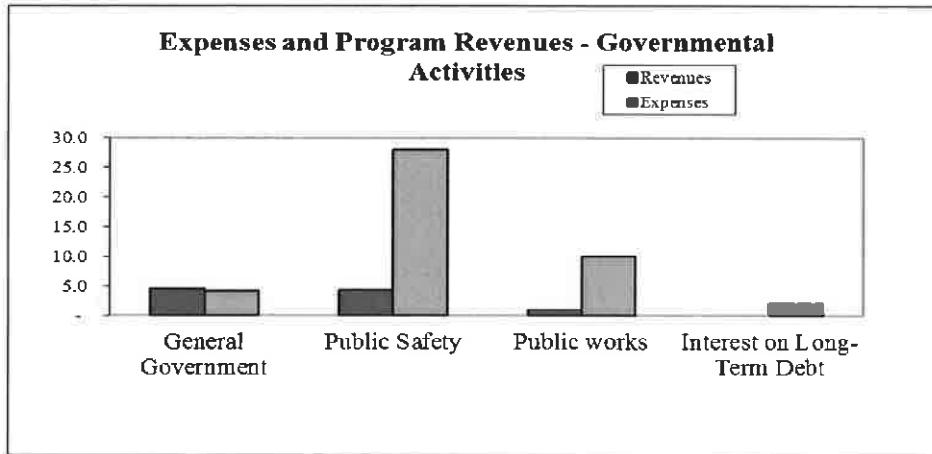

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis April 30, 2014

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

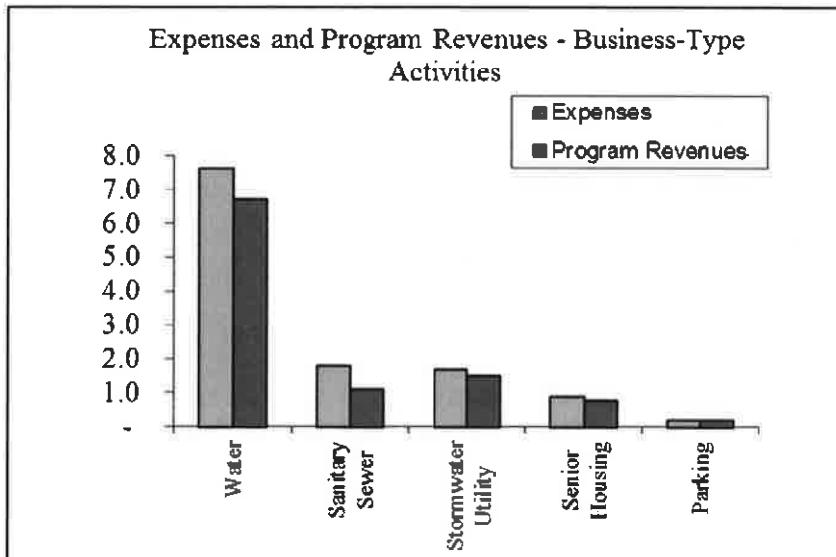

Governmental Activities – Continued

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues. Clearly public safety and public works expenses far exceed any directly allocated revenues.

Business-Type Activities

Revenues from business type activities decreased by 21.3% (\$11.1 million compared to \$14.1 million) and expenses increased by 7.0%. The revenue decrease is primarily due to timing of reimbursements received from Cook County for allocated costs attributed to the Techny Drain storm water project. Per agreement with Cook County, the Village received a total of \$3 million, \$2.4 million in previous fiscal year and \$633,064 in the current fiscal year. In addition, a rainy summer resulted in lower consumption of water.

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis

April 30, 2014

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Business-Type Activities – Continued

The previous graph compares program revenues to expenses for the Village's enterprise operations. The deficit in the Water, Sanitary Sewer and Stormwater Utility Funds is primarily due to above average rain causing a reduction of sales.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$28.3 million, which is 22.5% higher than last year's total of \$23.1 million. This increase is primarily due to timing differences between the receipt of bond proceeds and the corresponding capital expenditures.

The General Fund experienced an increase of \$2.4 million which was significantly better than the original budget anticipated. Revenues were \$1.7 million higher than expected. Building permit revenue was \$456,000 higher than projected as the Village continued to experience new business investment in our local economy. Though sales taxes were 5% lower than anticipated, this was more than offset by higher than expected telecommunication taxes. Expenditures were \$1.8 million less than the amended budget. This savings is mostly attributed to timing differences of planned capital expenditures and personnel costs associated with temporary vacancies and reorganization of some administrative functions.

The Debt Service Fund reported a decrease in fund balance of approximately \$56,664 due to timing differences between the property tax collections and the debt principal and interest payments.

The Pension Contribution Fund is used to account for the Village's contributions to the Police and Firefighters' Pension Funds. The Fund reported a deficit of \$301,008 due to timing differences with the property tax cycle.

The Infrastructure Fund reported an increase in fund balance of approximately \$3.2 million due to timing differences between the receipt of bond proceeds and corresponding capital expenditures.

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis

April 30, 2014

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS – Continued

Proprietary Funds

The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The Village reports the Water, Sanitary Sewer, Stormwater Utility, and Senior Housing Funds as major proprietary funds.

The Water Fund accounts for all of the operations of the municipal water system. The Village is the only municipality in Illinois that is not on the lakefront but pumps its' own water directly from Lake Michigan. Many years ago, the Village constructed a pipeline directly to the lake by purchasing various rights- of- way. Water was sold to all municipal customers at a rate of \$4.08 per thousand gallons.

The Village intends to run the Water Fund at a breakeven rate. Periodically, there will be an annual surplus or draw down due to timing of capital projects and water consumption. The current fiscal year experienced a deficit of \$762,788.

The Sanitary Sewer Fund accounts for all operations of the Village's sanitary sewer system. Customers are billed at a rate of \$0.80 per thousand gallons of water used. This fund experienced a deficit of \$620,482 for the year, which includes depreciation and amortization expense of \$260,259.

The Stormwater Utility Fund is used to account for the maintenance and construction of the Village's storm water management system. All activities necessary to provide these services are accounted for in this fund, including, but not limited to, operation, maintenance and repair, construction, and related debt service. This fund experienced a surplus of \$901,235 for the year due primarily to reimbursements from Cook County of \$633,064 in costs related to the Techny Drain project.

The Senior Housing Fund accounts for all operations of Crestwood Place, a senior housing apartment complex owned by the Village. Day-to-day operations are handled by a management company. Since the Village owns the buildings, we have been able to keep rents low and still allow this fund to entirely cover its' cost of operations. This fund experienced a modest deficit of \$93,216 for the current year.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the Village Board revised the budget several times. The Board made minor budgetary changes mainly to increase contributions to community organizations and to accommodate contractual professional services that were not anticipated at the time the budget was adopted.

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis April 30, 2014

GENERAL FUND BUDGETARY HIGHLIGHTS - Continued

Even with these adjustments, actual expenditures were \$1.8 million below the final budget amounts. Savings were primarily achieved in personnel expenditures from temporary vacancies and timing of capital expenditures.

Revenues were better than projected, ending the year \$1.7 million above budget as the Village continued to see evidence of sustained investment in our local economy.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Village's investment in capital assets for its governmental and business type activities as of April 30, 2014 was \$146.1 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, land improvements, vehicles, machinery and equipment, roads, sidewalks, storm sewers, and bridges.

	Capital Assets - Net of Depreciation (in Millions)					
	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
Land	\$ 32.0	32.0	3.1	3.2	35.1	35.2
Buildings	10.4	10.8	9.6	10.0	20.0	20.8
Equipment & Vehicles	2.6	2.7	4.2	4.5	6.8	7.2
Infrastructure	50.2	48.5	34.0	35.1	84.2	83.6
Total	95.2	94.0	50.9	52.8	146.1	146.8

The fiscal year 2015 capital budget includes projects totaling \$18.6 million. This total includes \$6 million for water system improvements, \$3.4 million for street improvements, \$3.2 million for storm water improvements, \$2.5 million for sewer improvements and \$3.5 million for other general fund projects. Additional information on the Village's capital assets can be found in note 3 on pages 40 - 41 of this report.

Debt Administration

At year-end, the Village had total outstanding bonded debt of \$73.6 million as compared to \$67.6 million the previous year. The following is a comparative statement of outstanding debt:

VILLAGE OF NORTHBROOK, ILLINOIS

Management's Discussion and Analysis

April 30, 2014

CAPITAL ASSETS AND DEBT ADMINISTRATION – Continued

Debt Administration - Continued

	General Obligation Bonds (in Millions)					
	Governmental Activities		Business-type Activities		Total	
	2014	2013	2014	2013	2014	2013
General Obligation Bonds	\$ 59.3	55.2	14.3	12.4	73.6	67.6

The Village maintains an AAA rating from Standard & Poor's and an Aaa rating from Moody's for general obligation debt. The rating from Moody's has not changed in twenty years. The Village first sought a rating from Standard & Poor's in November 2000 and was awarded the AAA rating at that time. As a home-rule unit, no legal limit exists on the amount of debt that can be outstanding. Additional information on the Village's long-term debt can be found in Note 3 on pages 44 - 49 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Village's elected and appointed officials considered many factors when setting the fiscal-year 2015 budget, tax rates, and fees that will be charged for its governmental and business-type activities. Beginning with FY 2012/13, the Village introduced an expanded two year budget for the General Fund to further assist the Village Board in their discussion of fiscal policy. When we prepared last year's budget we projected total General Fund expenses for FY 2014/15 of \$42.6 million, with total operating expenses of \$39.8 million. Our current projection for total General Fund expenditures is 1.2% higher, and total operating expenditures are within ½% of our projections at this time last year. The approved budget estimates a \$286,930 surplus for FY 2014/15 and reserves of \$1.8 million above our 40% policy at April 30, 2015.

FY 2014/15 General Fund revenues are projected to be \$2.3 million more than FY 2013/14 budget. We have anticipated modest growth in sales taxes and higher building permit fees mainly from North Shore 770 development. Revenues also include \$2.3 million in bond proceeds for planned capital improvements compared to \$1.5 million in previous fiscal year.

Planned expenditures in the General Fund will be \$2.4 million more than the FY 2013/14 amended budget before equity transfer. The increase is primarily due to replacement of capital equipment that has surpassed its useful life, and the addition of a Building Inspector, Project Manager, and Police Officer.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village of Northbrook's finances for all those with an interest in the Village's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Office of the Chief Financial Officer, Village of Northbrook, 1225 Cedar Lane, Northbrook, IL 60062.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

 Governmental Funds

 Proprietary Funds

 Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF NORTHBROOK, ILLINOIS

**Reconciliation of Total Governmental Fund Balance to the
Statement of Net Position - Governmental Activities**

April 30, 2014

Total Governmental Fund Balances \$ 28,270,852

Amounts reported for governmental activities in the Statement of Net Position
are different because:

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.	95,143,854
A net pension asset is not considered to represent a financial resource and therefore, is not reported in the funds.	16,419,256
Internal service funds are used by the Village to charge the costs of insurance to individual funds. The assets and liabilities of the internal service fund are included in the governmental activities in the Statement of Net Position.	4,005,132
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.	
Compensated Absences Payable	(1,847,915)
Net Pension Obligation Payable	(108,821)
Net Other Post-Employment Benefit Obligation Payable	(583,974)
General Obligation Bonds Payable - Net of Unamortized Items	(58,726,183)
Accrued Interest Payable	<u>(884,863)</u>
Net Position of Governmental Activities	<u>81,687,338</u>

The notes to the financial statements are an integral part of this statement.

VILLAGE OF NORTHBROOK, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
to the Statement of Activities - Governmental Activities**

For the Fiscal Year Ended April 30, 2014

Net Change in Fund Balances - Total Governmental Funds \$ 5,185,109

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	4,050,827
Depreciation Expense	(2,894,998)
Disposals - Net of Accumulated Depreciation	(4,670)

An increase in a net pension asset is not considered to be an increase in a
financial assets in the governmental funds.

790,836

Internal service funds are used by the Village to charge the costs of
insurance to individual funds. The net revenue of certain activities
of internal service funds is reported with governmental activities.

99,742

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Deductions to Compensated Absences Payable	264,565
Additions to Net Other Post-Employment Benefit Obligation Payable	(98,887)
Additions to Net Pension Obligation Payable	(2,279)
Issuance of Debt	(6,523,099)
Retirement of Debt	2,453,025
Amortization of Debt Related Items	(44,474)

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

(68,976)

Changes in Net Position of Governmental Activities

3,206,721

The notes to the financial statements are an integral part of this statement.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Northbrook, Illinois, incorporated in 1901, is a municipal corporation governed by an elected president and six-member Board of Trustees. The Village's major operations include police and fire safety, highway and street maintenance and reconstruction, building code enforcement, public improvements, economic development, planning and zoning, water and sanitary sewer services, parking system services, senior housing services and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP in the United States). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP in the United States for state and local governments through its pronouncements (Statements and Interpretations).

REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government: Village of Northbrook

Discretely Presented Component Unit: Northbrook Public Library

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Village. Based upon the criteria set forth in the GASB Statement No. 61, all component units that have a significant operational or financial relationship with the Village have been included.

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the PPERS.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

REPORTING ENTITY – Continued

Firefighters' Pension Employees Retirement System

The Village's sworn firefighters participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of these employees and is governed by a five-member pension board, with two members appointed by the Village President, two elected from active participants of the Fund, and one elected from the retired members of the Fund. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the FPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's sworn firefighters. The FPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the FPERS.

Discretely Presented Component Unit

Discretely presented component units are separate legal entities that meet the component unit criteria described in GASB Statement No. 61 but do not meet the criteria for blending.

Northbrook Public Library

The Northbrook Public Library (Library) operates and maintains the Village's public library facilities. The Library's Board is elected by the voters of the Village. The Library may not issue bonded debt, and its annual budget and property tax levy are subject to the Village Board's approval. A financial benefit/burden relationship exists between the Village and the Library. Separate audited financial statements as of April 30, 2014 are available from the Library's administrative office at 1201 Cedar Lane, Northbrook, Illinois 60062.

BASIS OF PRESENTATION

Government-Wide Financial Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Village's police and fire safety, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village's water and sanitary sewer services, stormwater management services, parking system services and senior housing services are classified as business-type activities.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Financial Statements – Continued

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Village's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, public works, etc.) The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property taxes, sales taxes, income taxes, interest income, etc.).

The Village does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Governmental Funds – Continued

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains one major special revenue fund, the Pension Contribution Fund, which accounts for the Village's employer contribution to the police and firefighters' pension funds. Funding comes from a restricted annual property tax levy.

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and accumulates monies for the payment of general obligation debt, with financing provided by the annual tax levy.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains two major capital projects funds: Infrastructure and Central Business District funds. The Infrastructure Fund accounts for infrastructure improvements including streets and storm water. The Central Business District Fund accounts for the financing of improvements to the Village's central business district.

Permanent funds are used to account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the Village's programs, that is, for the benefit of the Village or its citizenry.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the Village:

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Proprietary Funds – Continued

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains four major enterprise funds: Water, Sanitary Sewer, Senior Housing and Stormwater Utility funds. The Water Fund accounts for the provision of potable water services to the residents of the Village. The Sanitary Sewer Fund accounts for the provision of sewer repair and improvement services to the resident of the Village. The Senior Housing Fund accounts for the provision of housing to the residents of the Village-owned apartment complex. The Stormwater Utility fund accounts for the maintenance and construction of the Village's storm water management system.

Internal service funds are used to account for the financing of goods or services provided by an activity to other departments, funds or component units of the Village on a cost-reimbursement basis. The Village maintains one internal service fund. The Insurance Fund accounts for the Village's workers' compensation, employee health insurance and property and casualty losses, as well as excess insurance purchased to cover major losses. The Village's internal service fund is presented in the proprietary funds financial statements. Because the principal users of the internal services are the Village's governmental activities, the financial statements of the internal service fund are consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity (general government, public safety, highways and streets, etc.).

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

Pension Trust Funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's police force. The Firefighters' Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's Fire Department.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fund Financial Statements – Continued

Fiduciary Funds – Continued

Agency Funds are used to account for assets held by the Village in a purely custodial capacity. The Escrow Fund accounts for refundable deposits held by the Village to ensure the completion of public improvements by private developers, with the monies being refunded upon completion of the improvements.

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (pension trust and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus – Continued

All proprietary and pension trust funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net position.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, income taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary, pension trust and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds, and of the Village's internal service funds are charges to customers for sales and services.

The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows," cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Prepays/Inventories

Prepays/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepays/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepays in both the government-wide and fund financial statements.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, income taxes, and grants. Business-type activities report utility charges as their major receivables.

Capital Assets

Capital assets purchased or acquired with an original cost of \$50,000 to \$250,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. In the case of the initial capitalization of general infrastructure assets (i.e., those reported by the governmental activities) the government chose to include all such items regardless of their acquisition date. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Capital Assets – Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements	20 Years
Buildings	40 - 50 Years
Equipment and Vehicles	5 - 10 Years
System Mains, Lines and Appurtenances	15 - 50 Years
Infrastructure	15 - 50 Years

Compensated Absences

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. All departments of the Village submit requests for budgets to the Village Manager so that a budget may be prepared. The budget is prepared by fund, function, department and object, and includes information on the past two years, current year estimates, and requested budgets for the next fiscal year. The proposed budget is presented to the Village Board for review. The Board of Trustees holds public hearings and may add to, subtract from, or change budgeted amounts. The Board of Trustees then adopts a management budget for budgetary control purposes.

The manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the governing body. The Village does not adopt an annual budget for the Pension Contribution Fund, the Traffic Impact Fund, and the Tax Increment Financing Fund.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY – Continued

BUDGETARY INFORMATION – Continued

Expenditures may not legally exceed budgeted appropriations at the fund level. Appropriations lapse at the end of the fiscal year. During the year budget transfers were necessary.

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures over budget for the fiscal year.

Fund	Excess
Debt Service	\$ 64,551
Police Pension	262,319
Firefighters' Pension	75,453

DEFICIT FUND EQUITY

The following fund had deficit fund equity as of the date of this report:

Fund	Deficit
Pension Contribution	\$ 1,221,866

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments – Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Funds and the Illinois Metropolitan Investment Fund.

Statutes authorize the pension funds to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of

agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; credit unions, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois bonds; pooled accounts managed by the Illinois Funds Market Fund (Formerly known as IPTIP, Illinois Public Treasurer's Investment Pool), or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois; direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the Federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies; and separate accounts of life insurance companies and mutual funds, the mutual funds must meet specific restrictions, provided the investment in separate accounts and mutual funds does not exceed ten percent of the Pension Fund's plan net position; and corporate bonds managed through an investment advisor, rated as investment grade by one of the two largest rating services at the time of purchase. Pension Funds with plan net position of 2.5 million or more may invest up to forty-five percent of plan net position in separate accounts of life insurance companies and mutual funds. Pension Funds with plan net position of at least 5 million that have appointed an investment advisor, may through that investment advisor invest up to forty-five percent of the plan net position in common and preferred stocks that meet specific restrictions. In addition, pension funds with plan net position of at least 10 million that have appointed an investment advisor, may invest up to fifty percent of its net position in common and preferred stocks and mutual funds that meet specific restrictions effective July 1, 2011 and up to fifty-five percent effective July 1, 2012.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk

Deposits. At year-end, the carrying amount of the Village's deposits for governmental and business-type activities totaled \$15,154,148 and the bank balances totaled \$15,051,487. In addition, the Village had \$17,969,107 invested in the Illinois Funds and \$9,010,817 invested in IMET at year-end.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village's investment policy states that the investment portfolio shall be structured so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools. The Village's investment policy further states that unless matched directly to a specific cash flow, the Village will not invest in securities maturing more than two years from date of purchase. Reserve funds may be invested in securities exceeding two years if the maturity of such investments are made to coincide as nearly as practicable with the expected use of the funds.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in security instruments authorized under State Statute, the Village's investment policy further states that investments shall be limited to the safest types of securities. At year-end, the Village's investment in U.S. agencies are all rated AAA by Standard & Poor's, and the Village's investment in the Illinois Funds was rated AAAm by Standard & Poor's. The Illinois Metropolitan Investment Trust Convenience Fund is rated AAAf by Standard & Poors and the 1-3 year Fund is rated AAf by Standard & Poors.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires that any deposit in excess of the FDIC limits shall be secured by some form of collateral, witnessed by a written agreement, and held at an independent, third-party institution in the name of the Village.

The Village will accept any of the following types of securities as collateral: U.S. Government securities, obligations of federal agencies, obligations of federal instrumentalities, obligations of the State of Illinois, municipal bonds with a rating of Aa or higher. Pledged collateral will be held in safekeeping by a depository designated by the Village and evidenced by a safekeeping agreement. Collateral agreements will preclude the release of pledged assets without the approval of the Village. At year-end, the entire amount of the bank balance of deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year-end, the Village's investments in U.S. agencies are all insured or registered with the Village or its agent in the Village's name and the Village's investment in the Illinois Fund and the Illinois Metropolitan Investment Trust are noncategorizable.

Notes to the Financial Statements April 30, 2014

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Village Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy states that funds shall be diversified to the best of its ability based upon the type of investments and the cash flow needs of the respective funds. Specifically, the following limits shall apply:

- a. No financial institution shall hold more than 50% of the Village's investment portfolio, exclusive of U.S. government securities held in safekeeping.
- b. Funds deposited in financial institutions shall not exceed 25% of the deposits of that institution.
- c. Commercial paper shall not exceed 33% of the Village's investment portfolio.

At year-end, the Village's investment in the Illinois Fund and the Illinois Metropolitan Investment Trust represents more than 5 percent of the total cash and investment portfolio.

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk

Deposits. At year-end, the carrying amount of the Fund's deposits totaled \$60,144 and the bank balances totaled \$60,098.

Investments. The Fund has the following investment fair values and maturities:

Investment Type	Investment Maturities (in Years)				
	Fair Value	Less Than 1	1 to 5	6 to 10	More Than 10
U.S. Treasuries	\$ 302,779	-	-	302,779	-
U.S. Agencies	1,834,662	1,409,422	-	264,329	160,911
State and Local Securities	11,506,051	1,851,984	535,370	-	9,118,697

April 30, 2014

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued

Interest Rate Risk. The Fund's investment policy states that investments shall be selected to enable the Fund to have available sufficient cash for all operating purposes.

Credit Risk. The Fund's investment policy helps limit its exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. At year-end, the Fund's investments in Federal Home Loan Bank Securities, Federal National Mortgage Securities, Government National Mortgage Securities and State and Local Bonds were all rated AAA rated by Standard & Poor's. The Fund's investment in the Illinois Funds was also AAAm rated by Standard & Poor's.

Custodial Credit Risk. The Fund's investment policy states that some form of collateral shall secure all deposits in excess of FDIC limits. Direct investments guaranteed by the United States Government do not require collateral. The Fund shall accept any of the following securities as collateral: negotiable full-faith and credit obligations of the United States Government and negotiable obligations of any agency or instrumentality of the United States Government. The amount of collateral provided will not be less than 110% of the fair market value of the net amount of funds secured. Pledged collateral will be held in safekeeping and evidenced by a safekeeping agreement. All investments of the Fund shall be clearly held and accounted for to indicate ownership by the Board. The Fund will direct the registration of securities in its own name or in the name of a nominee created for the express purpose of registration of securities by a state bank, national bank or trust company authorized to do business in the State of Illinois. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance. Furthermore, the Fund's Federal Home Loan Bank Securities, Federal National Mortgage Securities, Government National Mortgage Securities and State and Local Bonds are categorized as insured, registered, or held by the Fund or its agent in the Fund's name. The Fund's investment in the Illinois Funds is noncategorizable.

Concentration Risk. The Fund's investment policy states that no financial institution has hold more than 50% of the Fund's portfolio at the current time of investment placement, exclusive of securities held in safekeeping with the Trust Department of the financial institution. At year-end, the Fund is in compliance with the guideline outlined above. In addition to the securities and fair values listed above, the Fund also has \$11,827,661 invested in mutual funds and \$10,074,929 invested in common stock. At year-end, the Fund has over 5 percent of net position available for retirement benefits (other than U.S. Government guaranteed obligations) invested in the Illinois Funds and State and Local Bonds.

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Firefighters' Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk, and Concentration Risk – Continued

Custodial Credit Risk. The Fund's investment policy states that collateral is required for demand deposits and certificates of deposit at one hundred ten percent (110%) of all deposits not covered by federal depository insurance. Obligations that may be pledged as collateral are obligations of the United States of America and its agencies. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance. Furthermore, the Fund's U.S. Treasury Securities, Federal Home Loan Bank and Mortgage Securities, Federal National Mortgage Securities, Government National Mortgage Securities, and State and Local Securities are categorized as insured, registered, or held by the Fund or its agent in the Fund's name. The Fund's investment in the Illinois Funds is noncategorizable.

Concentration Risk. The Fund's investment policy states that no more than 40% of the assets of the Fund shall be concentrated in a single instrument or class of instruments other than U.S. Treasury Obligations. At year-end, the Fund is in compliance with the guideline outlined above. In addition to the securities and fair values listed above, the Fund also has \$7,495,672 invested in mutual funds and \$15,193,682 invested in common stock. At year-end, the Fund has over 5 percent of net position available for retirement benefits (other than U.S. Government guaranteed obligations) in State and Local Bonds.

PROPERTY TAXES

Property taxes for 2013 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about March 1 and September 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund Balances

The composition of interfund balances as of the date of this report, is as follows:

Receivable Fund	Payable Fund	Amount
General	Pension Contribution	\$ 132,395
General	Senior Housing	<u>426,938</u>
		<u><u>559,333</u></u>

Interfund balances are advances in anticipation of receipts.

Interfund Transfers

Interfund transfers for the year consisted of the following:

Transfers In	Transfers Out	Amount
Debt Service	Infrastructure	\$ 2,029,940
Debt Service	Stormwater Utility	59,900
Infrastructure	General	1,200,000
Stormwater Utility	Infrastructure	<u>550,417</u>
		<u><u>3,840,257</u></u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

VILLAGE OF NORTHBROOK, ILLINOIS

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT

General Obligation Bonds

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and for pension purposes. General obligation bonds are capital-related debt except the 2004A and 2004B series which were issued for pension-related purposes – see Note 4 – Related Party Transaction. General obligation bonds are direct obligations and pledge the full faith and credit of the Village. General obligation bonds currently outstanding are as follows:

Issue	Fund Debt Retired by	Beginning Balances	Issuances	Retirements	Ending Balances
General Obligation Bonds of 2004A (\$9,395,000), due in annual installments of \$65,000 to \$4,980,000 plus interest at 4.80% through December 1, 2034.	Debt Service	\$ 8,710,000	-	105,000	8,605,000
General Obligation Bonds of 2004B (\$7,195,000), due in annual installments of \$50,000 to \$3,810,000 plus interest at 4.80% through December 1, 2034.	Debt Service	6,670,000	-	80,000	6,590,000
General Obligation Bonds of 2005 (\$4,500,000), due in annual installments of \$220,000 to \$365,000 plus interest at 3.50% to 4.00% through December 1, 2021.	Debt Service	210,000	-	210,000	-
	Water	60,000	-	60,000	-
General Obligation Refunding Bonds of 2006 (\$14,395,000), due in annual installments of \$54,131 to \$2,391,282 plus interest at 3.75% to 4.25% through December 1, 2021.	Debt Service	851,554	-	418,737	432,817
	Water	639,510	-	314,475	325,035
General Obligation Bonds of 2007 (\$13,070,000), due in annual installments of \$480,000 to \$975,000 plus interest at 4.000% to 4.375% through December 1, 2027.	Debt Service	6,026,500	-	297,000	5,729,500
	Water	5,018,500	-	253,000	4,765,500

For governmental activities, the compensated absences, the net pension obligation, and the net other post-employment benefit obligation are generally liquidated by the General Fund. The Debt Service Fund makes payments on the general obligation bonds. For business-type activities, compensated absences are being liquidated by the Water and Sanitary Sewer Funds. The Water, Sewer and Stormwater Utility Funds make payments on the general obligation bonds. The Northbrook Public Library discretely presented component unit makes payments on the library general obligation bonds.

The Village has deferred the accounting gains/losses and premiums/discounts from the advance refundings. The governmental activities are amortizing \$308,197 and \$864,346 for the deferred premium and loss, respectively. The business-type activities are amortizing \$426,480 for the deferred gain. These deferred items are being amortized over the remaining life of the bonds.

Legal Debt Margin

Article VII, Section 6(k) of the 1970 Illinois Constitution governs the computation of legal debt margin. “The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property... (2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent:...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts.” To date the Illinois General Assembly has set no limits for home rule municipalities. The Village is a home rule municipality.

NET POSITION – NET INVESTMENT IN CAPITAL ASSETS

Net investment in capital assets was comprised of the following as of April 30, 2014:

Governmental Activities

Capital Assets - Net of Accumulated Depreciation	\$ 95,143,854

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the Village considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Village first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements April 30, 2014

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCE CLASSIFICATIONS – Continued

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	General	Debt Service	Pension Contribution	Special Revenue	Capital Projects	Capital Infrastructure	Nonmajor	Totals
Fund Balances								
Nonspendable Prepays	\$ 42,446							42,446
Restricted								
Public Safety	412,020							412,020
Debt Service		16,784						16,784
Capital Projects	650,000				2,549,046			3,199,046
Tax Increment Financing							5,862	5,862
Perpetual Care Cemetery						220,812		220,812
	1,062,020	16,784		2,549,046	226,674			3,854,524
Committed								
Traffic Impact							87,023	87,023
Assigned								
Capital Projects					5,826,348			5,826,348
Unassigned	19,682,377		(1,221,866)					18,460,511
Total Fund Balances	20,786,843	16,784	(1,221,866)	8,375,394	313,697	28,270,852		

Committed Fund Balance. The Village reports committed fund balance in the Traffic Impact Fund, a nonmajor fund. The Village Board, through formal action as established by ordinance (budget ordinance), has committed these funds to infrastructure cost mitigation for specific property owners. Board ordinance is required to establish, modify and/or rescind a fund balance commitment.

Assigned Fund Balance. The Village reports assigned fund balance in the Central Business District and the Infrastructure, both major funds. The Village's management, under authorization granted by the Board in the Village's fund balance policy, has assigned these funds to future improvements and capital asset acquisitions.

Minimum Fund Balance Policy. The Village's policy states that the General Fund should maintain a minimum unassigned fund balance equal to 40% of revenues.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. These risks are provided for through a limited insurance program and private insurance coverage. The Village currently reports all its risk management activities in its insurance fund.

Intergovernmental Personnel Benefit Cooperative (IPBC)

Risks for medical and death benefits for employees and retirees are provided for through the Village's participation in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC acts as an administrative agency to receive, process and pay such claims as may come within the benefit program of each member. IPBC maintains specific reinsurance coverage for claims in excess of \$50,000 per individual employee participant. The Village pays premiums to IPBC based upon current employee participation and its prior experience factor with the pool. Current year overages or underages for participation in the pool are adjusted into subsequent years experience factor for premiums. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Intergovernmental Risk Management Agency (IRMA)

The Village also participates in the Intergovernmental Risk Management Agency (IRMA). IRMA is an organization of municipalities and special districts in Northeastern Illinois which have formed an association under the Illinois Intergovernmental Cooperations Statute to pool its risk management needs. The agency administers a mix of self-insurance and commercial insurance coverages; property/casualty and workers' compensation claim administration/litigation management services; unemployment claim administration; extensive risk management/loss control consulting and training programs; and a risk information system and financial reporting service for its members.

The Village's payments to IRMA are displayed on the financial statements as expenditures/expenses in appropriate funds. Each member assumes the first \$2,500 of each occurrence, and IRMA has a mix of self-insurance and commercial insurance at various amounts about that level.

Each member appoints one delegate, along with an alternate delegate, to represent the member on the Board of Directors. The Village does not exercise any control over the activities of the Agency beyond its representation on the Board of Directors.

Initial contributions are determined each year based on the individual member's eligible revenue as defined in the by-laws of IRMA and experience modification factors based on past member loss experience. Members have a contractual obligation to fund any deficit of IRMA attributable to a membership year during which they were a member. Supplemental contributions may be required to fund these deficits.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements

April 30, 2014

NOTE 4 – OTHER INFORMATION – Continued

CONTINGENT LIABILITIES

Deferred Compensation Plan

The Village offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Village employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan are held in trust on behalf of the employees. Accordingly, the assets are not reported in these financial statements.

Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

RELATED PARTY TRANSACTION

On November 29, 2004 the Village issued \$16,590,000 general obligation pension funding bonds. The bonds were issued to acquire bonds of the City of Highland Park, a neighboring community, in the amount of \$9,395,000 to meet contribution requirements in the Police Pension Fund and \$7,195,000 to meet contribution requirements in the Firefighters' Pension Fund. The Village's bonds have terms and provisions identical to the City of Highland Park's bonds and were issued via private purchase memorandum in exchange for the City of Highland Park bonds. The bonds are subject to redemption prior to maturity at the option of the Village. Both communities maintained a triple A rating by Moody's and Standard and Poor's at the time of the issuance of the bonds. To further secure the liabilities between the communities each party has agreed to purchase municipal bond insurance to guarantee the payment of principal and interest on the bonds during any period that the rating of said community is lower than triple A. The Village's 2004 general obligation bonds outstanding at year-end are \$15,195,000.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements **April 30, 2014**

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS

The Village contributes to three defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system; the Police Pension Plan which is a single-employer pension plan; and, the Firefighters' Pension Plan, which is also a single-employer pension plan. Separate reports are issued for the Police and Firefighters' Pension Plans and may be obtained by writing to the Village at 1225 Cedar Lane, Northbrook, IL 60062-4582. IMRF does issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly.

Plan Descriptions, Provisions and Funding Policies

Illinois Municipal Retirement System (IMRF)

All employees (other than those covered by the Police and Firefighters' Pension plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Participating members hired before January 1, 2011 who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent for each year thereafter. For participating members hired on or after January 1, 2011 who retire at or after age 67 with 10 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3 percent of their final rate (average of the highest 96 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service, with a maximum salary cap of \$106,800 at January 1, 2011. The maximum salary cap increases each year thereafter. The monthly pension of a member hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 62, by the lesser of 3% or $\frac{1}{2}$ of the consumer price index. Employees with at least 10 years of credited service may retire at or after age 62 and receive a reduced benefit. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute. Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The Village is required to contribute the remaining amount necessary to fund the IMRF plan as specified by statute. The employer contribution rate for calendar year 2013 was 13.66 percent of annual covered payroll.

Police Pension Plan

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

Police Pension Plan – Continued

At fiscal year end the Police Pension Plan membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits and Terminated Employees Entitled to Benefits but not yet Receiving Them	54
Current Employees	
Vested	47
Nonvested	<u>18</u>
	<u>119</u>

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees hired before January 1, 2011, attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of $\frac{1}{2}$ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Covered employees hired on or after January 1, 2011, attaining the age of 55 with at least 10 years creditable service are entitled to receive an annual retirement benefit of 2.5% of final average salary for each year of service, with a maximum salary cap of \$106,800 as of January 1, 2011. The maximum salary cap increases each year thereafter. The monthly benefit of a police officer hired before January 1, 2011, who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter. The monthly pension of a police officer hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 60, but the lesser of 3% or $\frac{1}{2}$ of the consumer price index. Employees with at least 10 years but less than 20 years of creditable service may retire at or after age 60 and receive a reduced benefit.

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2040 the Village's contributions must accumulate to the point where the past service cost for the Police Pension Plan is 90% funded.

Firefighters' Pension Plan

The Firefighters' Pension Plan is a single-employer defined pension plan that covers all sworn fire personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

Retirees and Beneficiaries Currently Receiving Benefits and Terminated Employees Entitled to Benefits but not yet Receiving Them	50
Current Employees	
Vested	51
Nonvested	<u>16</u>
	<u>117</u>

The following is a summary of the Firefighters' Pension Plan as provided for in Illinois State Statutes.

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees hired before January 1, 2011, attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of $\frac{1}{2}$ of the monthly salary attached to the rank held at the date of retirement. The pension shall be increased by 1/12 of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service, to a maximum of 75% of such salary. Covered employees hired on or after January 1, 2011, attaining the age of 55 with at least 10 years of creditable service are entitled to receive an annual retirement benefit of 2.5% of final average salary for each year of service, with a maximum salary cap of \$106,800 as of January 1, 2011. The maximum salary cap increases each year thereafter. The monthly pension of a firefighter hired before January 1, 2011, who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter. The monthly pension of a firefighter hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 60, by the lesser of 3% or $\frac{1}{2}$ of the consumer price index. Employees with at least 10 years but less than 20 years of creditable service may retire at or after age 60 and receive a reduced benefit.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

Plan Descriptions, Provisions, and Funding Policies – Continued

Firefighters' Pension Fund – Continued

Covered employees, if any, are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined by an enrolled actuary. By the year 2040 the Village's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is 90% funded.

Summary of Significant Accounting Policies and Plan Asset Matters

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

Significant Investments

The investments in state and local securities in the Police and Firefighters' plans are investments (other than U.S. Government and U.S. Government - guaranteed obligations) in any one organization that represent 5 percent or more of net position available for benefits (see related party transactions note disclosure). Information for IMRF is not available.

Related Party Transactions

The investments in state and local securities in the Police and Firefighters' plans are investments with related parties included in net position (see related party transactions note disclosure).

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS

Plan Descriptions, Provisions, and Funding Policies

In addition to providing the pension benefits described, the Village provides post-employment health care insurance benefits (OPEB) for its eligible retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's General Fund.

The Village provides post-employment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the Village's retirement plans.

All health care benefits are provided through the Village's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the Village's plan becomes secondary.

All retirees contribute 100% of the actuarially determined premium to the plan. For the fiscal year ending April 30, 2014, retirees contributed \$682,892. Active employees do not contribute to the post-employment benefit plan until retirement.

At April 30, 2014, membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits and Terminated Employees Entitled to Benefits but not yet Receiving Them	61
Active Employees	<u>249</u>
Total	<u>310</u>
Participating Employers	1

The Village does not currently have a funding policy.

VILLAGE OF NORTHBROOK, ILLINOIS

Notes to the Financial Statements **April 30, 2014**

NOTE 4 – OTHER INFORMATION – Continued

OTHER POST-EMPLOYMENT BENEFITS – Continued

Funded Status and Funding Progress

The funded status of the plan as of April 30, 2013, the date of the most recent actuarial valuation, was as follows:

Actuarial Accrued Liability (AAL)	\$ 4,509,667
Actuarial Value of Plan Assets	-
Unfunded Actuarial Accrued Liability (UAAL)	4,509,667
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0.00%
Covered Payroll (Active Plan Members)	26,423,856
UAAL as a Percentage of Covered Payroll	17.07%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the April 30, 2013 actuarial valuation the entry age actuarial cost method was used. The actuarial assumptions included a 4.0% investment rate of return, including a 3.0% inflation assumption, and an initial annual healthcare cost trend rate of 8.0%, with an ultimate rate of 6.0%. Both rates include a 3.0% inflation assumption. The actuarial value of assets was not determined as the Village has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at April 30, 2014, was 30 years.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules – Major Governmental Funds
- Combining Statements – Nonmajor Governmental Funds
- Budgetary Comparison Schedule – Nonmajor Governmental Fund
- Budgetary Comparison Schedules – Enterprise Funds
- Budgetary Comparison Schedule – Internal Service Fund
- Combining Statements – Pension Trust Funds
- Budgetary Comparison Schedules – Pension Trust Funds
- Statement of Changes in Assets and Liabilities – Agency Fund

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Pension Contribution Fund

The Pension Contribution Fund is used to account for the employer's contribution to the police and firefighters' pension funds.

Traffic Impact Fund

The Traffic Impact Fund is used to account for monies received from property owners in order to mitigate the effect on the Village's infrastructure caused by the development of such properties.

Tax Increment Financing (TIF) Fund

The Tax Increment Financing Fund is used to account for development in the TIF Districts. Financing is provided by an annual property tax levy.

DEBT SERVICE FUND

The Debt Service Fund is used account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Financing is provided by the annual tax levy.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

CAPITAL PROJECTS FUNDS

Capital Projects Funds account for all resources used for the acquisition of capital assets by the Village, except those financed by Proprietary and Trust Funds, including general and infrastructure capital assets.

Central Business District Fund

The Central Business District Capital Projects Fund is used to account for the financing of improvements to the Village's Central Business District.

Infrastructure Fund

The Infrastructure Capital Projects Fund is used to account for infrastructure improvements including streets and storm water.

PERMANENT FUND

Permanent funds are used to account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the Village's programs, that is, for the benefit of the Village or its citizenry.

Cemetery Fund

The Cemetery Fund is used to account for perpetual care trust funds to be used for the perpetual care of the Village's cemetery.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

Water Fund

The Water Fund is used to account for the provision of potable water to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

Sanitary Sewer Fund

The Sanitary Sewer Fund is used to account for the provision of sewer repair and improvement services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

Senior Housing Fund

The Senior Housing Fund is used to account for the provision of housing to the residents of the Village-owned apartment complex. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

Stormwater Utility Fund

The Stormwater Utility Fund is used to account for the maintenance and construction of the Village's storm water management system. All activities necessary to provide these services are accounted for in this fund, including, but not limited to, operation, maintenance and repair, construction, and related debt service.

Revenue Parking Fund

The Revenue Parking Fund is used to account for the provision of public parking services for commuters. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

INTERNAL SERVICE FUND

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies other governmental unit, or to other governmental units, on a cost-reimbursement basis.

Insurance Fund

The Insurance Fund is used to account for the Village's workers' compensation, employee health insurance and property and casualty losses, as well as excess insurance purchased to cover major losses.

TRUST AND AGENCY FUNDS

PENSION TRUST FUNDS

Police Pension Fund

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.

Firefighters' Pension Fund

The Firefighters' Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the fire department at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.

AGENCY FUND

Escrow Fund

The Escrow Fund is used to account for refundable deposits held by the Village to ensure the completion of public improvements by private developers. The monies are refunded upon completion of the improvements.

STATISTICAL SECTION (Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.

VILLAGE OF NORTHBROOK, ILLINOIS

Schedule of Legal Debt Margin April 30, 2014 (Unaudited)

The Village is a home rule municipality.

Article VII, Section 6(k) of the 1970 Illinois constitution governs computation of legal debt margin.

The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by some home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts.

To date the General Assembly has set no limits for home rule municipalities.
