“Less Energy, More Power!”

Northbrook's 40th Earth & Arbor Day Celebration!

Saturday, April 24th, 8:30am–2:00pm, Rain or Shine on the Village Green

Eco Man says:

**“Less
Energy,
More
Power!”**

Earth Day logo and Eco-Man designed by Northbrook Artist Terry O. Luc

The Village of Northbrook and the Northbrook Park District invite you to celebrate Earth and Arbor Day. This year's theme is **“Less Energy, More Power!”**

If you are looking for fresh ideas and cost effective, earth friendly ways to conserve energy, save money and help the environment, come to Earth and Arbor Day! At this year's event, you'll meet over 50 vendors promoting and educating attendees on ideas and concepts to implement in your homes and businesses! This will include, but not be limited to: home weatherization measures; renewable energy ideas; support of regional organic farmers, local utilities and environmentally friendly home suppliers and products.

The activities begin at 8:30am at the Village Green, on the corner of Shermer and Meadow. Clean-up teams will be assigned specific areas to collect debris and windblown trash. Between 10am and 2pm, after the clean-up, the Northbrook Village Green will be bustling with excitement as everyone enjoys the exhibits, food and entertainment. For more information, visit www.northbrook.il.us or call 847 272-5050, ext. 4228.

Quarterly Business Briefs

American Recovery and Reinvestment Act Business Financing Available

The Cook County Bureau of Community Development recently announced the availability of Round 2 of \$196.8 million in bonds through the federal government's American Recovery and Reinvestment Act, or ARRA, in the form of Recovery Zone Facility Bonds. These bonds are traditional tax-exempt private activity bonds used by private businesses to finance a broad range of depreciable capital projects. Applications will be accepted until 5:00pm on May 3, 2010.

Through ARRA, the Federal government has permitted state and local governments to issue new tax-exempt private activity bonds to finance certain depreciable property, including new or used equipment, located or to be located in designated recovery zones. Qualifying projects must have been undertaken on or before July 2, 2009, the date the Cook County Board of Commissioners designated all of Cook County as a recovery zone. In addition to the tax-exempt nature of the bonds, RZFB financing provides key advantages for projects through typically lower interest rates and longer term debt financing. RZFBs can mature over 20-29 years as opposed to 5-year typical bank financing.

A few of the key provisions of Cook County's RZFB program include the following:

- ➔ RZFBs may be utilized by manufacturing, distribution and most service and retail enterprises.
- ➔ Property involved must be depreciable property which a qualified business purchases, constructs or renovates after the date when a recovery zone is designated.
- ➔ Companies eligible for this program should have already secured a financial commitment from an underwriting or lending institution. They must also have engaged a nationally recognized bond counsel.
- ➔ At least ninety-five percent (95%) or more of the net proceeds of the bond issue amount must be used for "recovery zone property."
- ➔ Successful applicants have 90 days following the Cook County Board's approval of their projects to close on financing.
- ➔ Bonds issued with RZFBs volume cap must be completed no later than December 31, 2010.

Please contact your financial institution and bond counsel. Cook County's Bureau of Community Development can be reached by calling 312 603-1070. RZFB applications can be downloaded from the Department of Planning & Development portal on Cook County's Website, www.cookcountygov.com 🌸

Congratulations to Northbrook Businesses!!!

At its Annual Meeting and Dinner, the Northbrook Chamber of Commerce and Industry presented its fourth annual Business Awards, which recognizes excellence in the Northbrook business community.

Allstate Insurance was named the 2010 Corporate Citizen of the Year and **Korman Lederer Associates** was named the 2010 Small Business of the Year. More information regarding these two businesses, and their accomplishments and actions that led them to winning these awards, can be found on the Chamber of Commerce's website at www.northbrookchamber.org/UserFiles/Feb2010news.pdf 🌸

Industrial and Commercial Development Commission

The Village of Northbrook's Industrial and Commercial Development Commission (ICDC) advises the Board of Trustees on "matters relating to the improvement of sound economic growth and business development" within the Village of Northbrook. The ICDC meets on the fourth Tuesday of the month and welcomes comments from the public. If you have questions or would like to bring an issue before the Commission, please contact, David Schoon, Economic Development Coordinator, by mail at 1225 Cedar Lane, by phone at 847 272-5050, ext. 4281 or by e-mail at schoon@northbrook.il.us 🌸

Notes from Village President Sandy Frum

Sandy

The April 27 Village Budget Hearing...

I encourage you to attend the Public Hearing on the Northbrook Village Budget for Fiscal Year 2010/11 which will be held on Tuesday, April 27, at 7:30pm, at the Village Hall. The meeting will be cablecast live on NCTV – Comcast Cable Channel 17 (AT&T customers must access channel 99 and search Northbrook in the menu) and replayed the following day and Sunday, May 2, at 9am and 7pm.

A copy of the proposed FY 2010/11 Annual Budget is available for public inspection at the Northbrook Public Library and at the Northbrook Village Hall during business hours. Please participate in the budget process by attending the public hearing and providing input.

Census – Tracking Our Strive for 35!

By the time you read this, I assume you have received and filled out your U.S. Census form and mailed it back! Starting in May, Census enumerators will be visiting residents that didn't return the form by mail. If you misplaced your form, please visit the Northbrook Library at their Be Counted Site, which also has multi-language questionnaires that are available through April 19.

Did you know that the Census Bureau will be publishing mail participation rates showing the percent of the population that has mailed back their 2010 Census forms on a daily basis? Visit our Village website at www.northbrook.il.us and click on the U.S. Census link. This map-based feature allows communities to track responses and see how they compare to neighboring cities, counties or states.

Recycling on Earth and Arbor Day and Beyond...

While I encourage everyone to participate in Northbrook's Earth and Arbor Day festivities, it is important to note that the Village offers recycling opportunities year-round.

Household batteries and environmentally-friendly light bulbs, known as CFLs, can be dropped off at the Village Hall between 8:30am -4:30pm, Monday-Friday. The Northbrook Library also has a drop off bin for household batteries that is available during Library hours.

Cell phones, MP3 players, print cartridges, digital cameras, laptops are accepted at the Village Hall during business hours.

Tires are accepted at the fleet maintenance garage, behind the Village Hall, daily from 8am-3pm.

Household electronics recycling is available behind the Village Hall at the fleet maintenance garage on the first Tuesday, of every month from 8am-3pm. CFLs and household batteries will also be accepted at this location on the first Tuesday.

As of January 1, 2010, electronics manufacturers are required to recycle an amount of electronic waste equal to the amount they sell. Since Northbrook already has an e-waste program in place, companies who now have to recycle electronics are required to pay Northbrook to continue what has been until now a service funded by the Village. Northbrook recently entered into an agreement with Material Processing Corporation and they will pay the costs for us to recycle electronics, which saves the Village about \$12,500 annually. Northbrook averages about 50,000 pounds of recycled electronic waste and over 4,500 pounds of household batteries per year. Over 200 tires were recycled to make playground safety tiles. Do your part to protect our environment. Recycle! Please see page 7 for Northfield Township recycling information.

No Cell Phones in School and Construction Zones!

I want to remind residents that it is illegal to use cell phones while driving on a roadway through a highway construction or school zone. The law contains an exemption for people using voice-activated phones.

National Days of Remembrance and Northbrook Resident Honored

"Holocaust Remembrance Day" is Sunday, April 11. The day is recognized, not only to memorialize those who were killed, but also to recognize the importance of preserving freedom, promoting human dignity and confronting hate whenever and wherever it occurs. I encourage you to watch "Why We Remember the Holocaust" presented by the U.S. Holocaust Memorial Museum, which will be cablecast on NCTV–Cable Channel 17 at 10am & 6pm. (See NCTV on page 4.) 

At a recent Village Board meeting, former Northbrook resident and Holocaust survivor Samuel R. Harris, was recognized for being named one of Chicago Magazine's "Six Who Made a Difference in Chicago" in honor of his dedication and hard work to create a world-class Holocaust museum – the Illinois Holocaust Museum & Educational Center in Skokie.

NCTV Cable Channel 17 April Programming

7:30am & 3:30pm **“The Power of the Sun”** - Nobel Laureates Walter Kohn and Alan Heeger and other experts are joined by host John Cleese to present this program on solar energy.

Why Are Flags Flown at Half-Staff?

Everyone expects to see the United States Flag at half-staff during designated holidays such as Memorial Day, Patriot Day and Pearl Harbor Day, but residents have inquired as to why flags are flown half-staff during other times. Northbrook lowers the flags to half-staff from sunrise to sunset on the day of the funeral of every fallen Illinois soldier and the two days preceding that day, by order of the Governor, to honor those in our state that have given the ultimate sacrifice. Please remember those that serve our country and keep their family and friends in your thoughts. ❁

Prescriptions and Over the Counter Medications Collection April 1 - 10

It's time to properly dispose of all your out-dated and unused medications to prevent them from reaching our ground water supply. Return them to your pharmacy, but first be sure to remove any relevant label information.

Please drop off your prescriptions during pharmacy hours at the pharmacy that dispensed them.

Celebrate 25 Years of the "Just Say No" Parade

Just Say "No" to Drugs and "Yes" to Healthy Choices

Everyone Is Invited to Participate in this Community Event!

On Friday, May 7, Northbrook Citizens for Drug and Alcohol Awareness (NCDAA) will be sponsoring its 25th Annual "JUST SAY NO" Walk and Rally. This special event helps to heighten the awareness of making healthy choices in your life beginning at a young age. It also serves as a catalyst for discussions at home and school about the hazards of youth alcohol and other drug use. In addition, it reinforces what is taught at school and home. Encourage your friends and neighbors to participate in the Pre-Walk activities from 3:30-4:15pm. The Walk will begin at 4:15pm at the United Methodist Church

on the corner of Cherry and Western, to Meadow.

A Rally will be held at St. Norbert School across from the Village

Green at 4:45pm. Registered groups may carry a balloon arch in the walk. Registration is not required to participate, so all are welcome to join in on the fun. Please call 847 272-7870 for details or check out the web site at www.ncdaa.org All ages can attend this community event!

In case of inclement weather, all activities will take place at St. Norbert School Gym from 4:15-5:00pm. ❁

Do You Know About the New Lead-based Paint Requirements?

New Requirements for Disturbing Areas that May Contain this Poisonous Substance

Beginning April 22, 2010, contractors performing renovation, repair and painting projects that disturb lead-based paint in homes, child-care facilities and schools built before 1978 must be certified and must follow specific work practices to prevent lead contamination. This will be the requirement under the new Renovation, Repair and Painting (RRP) rule issued by the United States Environmental Protection Agency (USEPA), aimed at preventing lead poisoning among children and adults. Common activities like sanding, cutting and demolition can create lead hazards that can be harmful to children and adults. In 2008, more than 5,000 Illinois children had elevated blood lead levels. This new federal law has the potential to significantly decrease childhood lead poisoning. *As a homeowner hiring a contractor or a parent of children in a child-care facility or school, it is important to be sure that the contractor is RRP certified.*

For more information about the RRP rule, contact the Cook County Department of Public Health at 708 492-2076 or www.epa.gov/lead/pubs/renovation.htm ❁

Asian American Heritage Celebration Event

Saturday, May 1, 1 to 4pm, Northbrook Public Library Auditorium
Sponsored by Village of Northbrook Community Relations Commission

The Village of Northbrook Community Relations Commission has partnered with various Glenview/Northbrook chapters of Asian-American Organizations to showcase an exciting and colorful afternoon of pageantry of Asian culture, dances and songs to commemorate Asian Pacific American Heritage Month. *Do not miss this MUST SEE event that has won accolades and appreciation over the past several years from the Northbrook community.*

Join us for the story telling lecture: "Chinese Immigration to Chicago" co-sponsored by the Chinese American Museum of Chicago. Professor John Rohsenow will discuss the history of Chicago's Chinese communities and much more based on his article, "Chinese Language Use in Chicagoland," from *Ethnolinguistic Chicago*, edited by Marcia Farr in 2003. Dr. Rohsenow taught Mandarin Chinese and Linguistics for 30 years at UIC. He is presently the Secretary of the Chinese American Museum of Chicago. 🌸
