

# NORTHBROOK

FEBRUARY 2012

## Are you Registered to Vote?

**Remember: Tuesday, February 21, is the last day to register to vote in the March 20, 2012 Presidential Primary Election.**

If you change your name or move, even within the Village, you must register to vote from the address where you are living or you can be turned away at the polling place. The Village Hall is open for voter registration from 8:30am to 4:30pm, Monday-Friday. You must display two pieces of identification. Neither needs to be a photo ID, but one must include your current address. If you wish to check your registration or have a question about grace period registration, visit [www.cookcountyclerk.com](http://www.cookcountyclerk.com) or call 312/603-5656.

### Early Voting

The Northbrook Village Hall is once again an early voting site. The early voting period runs from Monday, February 27 through Thursday, March 15. Early voting hours are 9:00am to 5:00pm, Monday-Saturday. If you have any questions please contact Village Clerk Debbie Ford at 847/664-4013 or [debbie.ford@northbrook.il.us](mailto:debbie.ford@northbrook.il.us)

*Please note, the Village Hall will be closed on President's Day, Monday, February 20.*

## Referendum Question

Alternative Residential Electricity Supply Services  
Referendum Question on March 20, 2012 Ballot

On the March 20, 2012 primary election ballot, voters will be asked if the Village should be given the authority to seek competitive bids for electricity and to enter into a single contract that would include all residential units and small businesses (annual peak demand of 100kW or less). If the Village is granted the authority to do so, it would solicit bids, select a winning

supplier, and the contract rates would be applied to all eligible residents who do not opt-out.

It is important to remember that should the referendum pass, ComEd will remain the distributor of electricity in the Village. This process provides for an alternative supplier which generates the electricity and delivers

it to ComEd for distribution. Customers will continue to receive electricity bills from ComEd and ComEd remains responsible for all distribution system issues, including power outages. Electrical aggregation will not impact ComEd's commitments to the Village to improve their system and to deal with reliability issues.

The Village is a member of the North Shore Electricity Aggregation Consortium, a group of eight north suburban municipalities (Deerfield, Glencoe, Highland Park, Lake Bluff, Lake Forest, Park Ridge and Skokie) working together to jointly bid for electricity. Collectively, members will collaborate for the duration of the bidding process and

seek prices for the aggregated electricity load of the municipalities that approve the referendum. The Consortium intends to seek proposed pricing for at least a one-year term. The Village only intends to approve a bid that will result in lower electricity prices than the current ComEd rates. If the referendum passes and a program is implemented, all residential and small commercial retail customer accounts will automatically be moved to the new supplier; however, information will be provided in advance of the change to residents and commercial retail customers who may choose to opt-out of this program and remain with ComEd.

Visit [www.northbrook.il.us](http://www.northbrook.il.us) or the Northbrook Library Reference Desk for a

list of Frequently Asked Questions (FAQs) that will help you better understand electricity aggregation and what it means for consumers.

Public Hearings are scheduled during Regular Board meetings at 7:30pm on February 28 and March 13. The public is invited to attend and ask questions about the process.

## Police Academy Class Begins March 21

The Northbrook Police Department will host the Citizen Police Academy for Northbrook residents and business owners age 21 and older on ten consecutive Wednesdays, March 21–May 30, from 7 to 9:30pm. Join this free, hands-on, exciting opportunity to learn about Northbrook's Police Department.

Graduates of the Citizen Police Academy will have a clear understanding of what police officers do and be better informed citizens.

For more information and to sign-up contact Community Relations Supervisor Michael Shep at 847/664-4425 or email [michael.shep@northbrook.il.us](mailto:michael.shep@northbrook.il.us).

Sign-up for the Citizen Police Academy and find out about topics such as:

- Emergency 911 communications
- Crime Scene Investigation
- Police K9 Unit
- You can even ride-along with a Northbrook Police Officer!

## Crime Prevention is the Best Defense

Review the following crime prevention safety tips in order to familiarize yourself in ways to help prevent crimes of opportunity.

- Always lock doors, windows and set home alarms, if you have one, before leaving the house. Always lock deadbolt locks.
- If you have an attached garage, be sure to lock the inside door between your garage and house. If you have a detached garage, keep it secured.
- Install secure window well covers.
- If you have double-hung or sliding windows or doors, place a wooden rod or stick in the track.
- Use timers for your lights if you come home after dark.

- Keep your garage door closed.
- If you are going on vacation, be sure to stop mail service and cancel newspapers so they don't pile up in front of your home while you are away.
- Lock your car doors while at home, even if cars are stored inside your garage or parked in a driveway.
- Remove valuables from view inside vehicles, even if the vehicle is locked.
- Burglars can be male or female, young or old, or driving any type of vehicle.
- Be on the lookout for suspicious vehicles that look out of place.

Northbrook remains a safe community, and we all must work together to keep it safe. A few extra moments of precaution can keep you from becoming a victim.

Call the Police at 911 immediately with details, descriptions and plate numbers if you see:

- Any suspicious vehicles driving slowly or repetitively through your neighborhood.
- Observe someone at a neighbor's front door, then see them walking to the side or rear of the house.
- Someone rings your doorbell "by mistake." Burglars never just break in - they always ring the bell to see if anyone is home.

If you are interested in having a home safety check, please contact Community Relations Supervisor Michael Shep at 847/664-4425 or visit the Village website at [www.northbrook.il.us/PreventCrime](http://www.northbrook.il.us/PreventCrime)

# Notes from Village President Sandy Frum

The Village Board and staff have been working on the budgeting process for the Fiscal Year 2012/13 Budget, which begins May 1. While the Village has maintained a AAA bond rating for the past 17 years, and the elected officials and staff have always been mindful of expenses, the amount of time we spend focusing on finances has increased significantly since the recession.

nation, budgeting has come to the forefront of our dialogues. Next month, the Board will be discussing the draft budget and all residents and business representatives are encouraged to attend and participate. Specific dates and meeting times will be listed in next month's newsletter and on the Village website.

## Major Road Projects for 2012

The Illinois Department of Transportation notified the Village about two bridge projects scheduled for 2012.

### Repairs to Lake-Cook Road Bridge at Edens Expressway

No specific start or completion date has been determined but the contractor will have 50 days to complete the work.

### Shermer Road Bridge over Middle Fork River

The bridge, located on the segment of Shermer Road that is between Lee and Dundee Roads, will be closed beginning in May 2012.

More information on both of these projects will be available on the Village website as we get closer to construction.

## Crime Tips

Northbrook and surrounding North Shore communities have experienced an increase in residential burglaries. These burglaries have occurred both during the daytime and evening hours, when residents are not home. See page 2 for more information.

## Update on New Water Tower

The process of gradually increasing the water pressure in the distribution system to fill the new water tower is expected to be completed this month. While system pressures are being increased, hydrants at six locations in the Village have had pressure relief valves installed on them to help prevent water main breaks. As the new water tower is filled, residents and businesses in Northbrook should experience a gradual increase in the water pressure at their homes or businesses.

## March 20th Election Ballot

There will be a referendum on the March ballot and I encourage all residents to be informed about joint purchasing of electricity, also known as electricity aggregation. See page 1 for information.

## Don't Throw Away Your Electronics.... Recycle Them!

As of January 1, 2012, Northbrook residents will no longer be able to place electronic products such as TVs, computers and CD players at the curb for disposal. For more information and details about the Village's 1st Tuesday of the Month Electronics Recycling Program please visit [www.northbrook.il.us](http://www.northbrook.il.us). Veolia will only collect these items as a special pickup and will be subject to additional charges. Questions? Call 847/664-4016 or via email at [dan.kaup@northbrook.il.us](mailto:dan.kaup@northbrook.il.us)

## Get Involved in Northbrook

Whether you are interested in volunteering or want to help plan community events such as Northbrook's 4th of July festivities or Northbrook Days, I encourage you and your family to get involved. (See page 7 for contact information and other community events.)

## Celebrate Black History Month

# 2012 Parkway Tree Order Form

## The Village is offering the cost sharing Parkway Tree Planting Program to residents again this year.

New trees will be 2-diameter-inches or about 6 to 8 feet tall. A property owner's cost share will be \$175 per tree ordered, regardless of variety or size. Multiple trees may be ordered, providing there is adequate room within the public parkway area. Sorry, no trees may be ordered for private property.

The trees will be scheduled for planting during the month of May, as weather permits.

### Limitations

Trees must be planted:

- equidistant from curb and sidewalks, typically at least 35' from other parkway trees
- at least 10' from a driveway or street light
- at least 45' from an intersection to ensure unobstructed sight lines
- at least 5' from manholes, fire hydrants and b-boxes

Note: Trees cannot be planted in the same spot as a recently removed parkway tree.

Ten species of trees are currently available. All trees are limited quantities on a first come, first serve basis. All trees may be viewed at [www.northbrook.il.us/ParkwayTree](http://www.northbrook.il.us/ParkwayTree). Orders must be submitted by March 15, 2012.

- Village makes final determination on planting location.
- Orders are processed on a first come, first serve basis.
- Trees may not be refused, moved or exchanged for any reason.

### Return order form to:

# Historian's Corner

presented by the Northbrook Historical Society

## Electricity Comes to Northbrook

Trustees enacted an ordinance granting permission for the North Shore Electric Company to install electric service in the Village of Shermerville in 1909. The first electric street light was installed in 1910 in front of Henry Schilling's saloon on Shermer Road. The switch to turn the light on and off was inside the tavern. Shilling's was located where the building housing Carolyn Lorraine Salon is today. By 1912, all the kerosene streetlights had been replaced with electric ones.

One of the first houses in town built with electric service was an imposing brick home built at 26 Timber Lane, just after the contract was awarded to North Shore Electric. The job of bringing electricity into his home was too much for one homeowner, so he built a new electrified home next door and then sold the old home

leaving the job of converting the family homestead to the new owner.

By 1930, the Public Service Company of Northern Illinois furnished electric and gas for the area. Their new headquarters on Sunset Ridge Road at Skokie Blvd. opened

March 1931. The Public Service property was annexed to the Village on July 1, 1931.

The Public Service Company of Northern Illinois was later sold to Commonwealth Edison who in turn sold the Gas Division to Northern Illinois Gas Company.

The first electric street light was installed in 1910 in front of Henry Schilling's saloon on Shermer Road. The building had many uses. It was a tavern, a candy shop and pool hall during prohibition, and Balmes' Tin Shop. Maybe you remember it as the Art Post. The building was torn down circa 1989.
