

# NORTHBROOK

FEBRUARY 2018

## Remember to Always Pull to the Right for Sirens and Lights

**Pull as close as possible to the curb or edge of the roadway and stop when you see emergency vehicles approaching.**

Do not stop in an intersection or block a roadway. Remain stopped until all emergency vehicles have passed. This applies to those vehicles approaching from behind, as well as those coming toward you.

It's important to think ahead – train yourself to instinctively pull to the right at the sound/sight of emergency vehicles.

When approaching a stationary emergency vehicle using visual signals, yield, change to a lane away from the vehicle(s) and proceed with caution. If a lane change is not possible, reduce speed and proceed with caution.

*Your cooperation is appreciated.*

## Welcome Northbrook's New Fire Chief

Northbrook Fire Chief Andrew Carlson was officially sworn in last month. Carlson has 35 years of experience in fire protection and served with the Northbrook Fire Department for over 18 years, most recently as Deputy Chief.

Andrew began his career with the Village in 1999, serving as a Firefighter/Paramedic. Over the years, Carlson has held numerous positions as he worked his way up the ladder, including Lieutenant, Captain, Battalion Chief, and Deputy Chief.

Carlson earned a Bachelor of Science degree in Ceramic Engineering and a Master of Science degree in Civil Engineering from the University of Illinois and a Bachelor of Science degree in Fire Science Management from Southern Illinois University. Carlson holds a variety of certifications including Emergency Rescue Technician, Tactics and Strategy, Fire Officer, Instructor, Hazardous Materials Operations and Incident Command, and Provisional Chief Fire Officer.

Please join us in congratulating Chief Andrew Carlson as he assumes his new role with the Northbrook Fire Department.

## President's Day - February 19

The Village Hall will be closed to the public on President's Day, Monday, February 19. Village staff will be participating in clean-up day!

## Crime Prevention is the Best Defense

Review the following crime prevention safety tips to familiarize yourself with ways to help prevent crimes of opportunity.

- Always lock your doors, windows, secure deadbolts, and set your home alarm, if you have one, before leaving the house.
- If you have an attached garage, be sure to lock the inside door between your garage and house. If you have a detached garage, keep it secured and keep your garage doors closed.
- Lock your car doors while at home, even if cars are stored inside your garage or parked in the driveway.
- Remove valuables from vehicles, including extra keys and key fobs for push-to-start button vehicles.
- Install secure window well covers.
- If you have double-hung or sliding windows or doors, place a wooden rod or stick in the track.
- Use timers for your lights if you come home after dark.
- If you are going on vacation, stop mail service and cancel newspapers so they do not pile up in front of your home while you are away.
- Be on the lookout and report suspicious vehicles that look out of place in your neighborhood.
- Remember, burglars can be male or female, young or old and drive any type of vehicle.

Northbrook remains a very safe community, and we all must work together to keep it that way.

Call 911 immediately with details, descriptions and plate numbers if you see:

- Any suspicious vehicles driving slowly past your house or repetitively through your neighborhood.
- Observe someone at a neighbor's front door, then see them walking to the side or rear of the house.
- Someone rings your doorbell, "by mistake." Burglars may ring the bell to see if anyone is home.
- If you are interested in having a home safety check, please contact Community Relations Supervisor Tom Moore at 847-664-4427.

## Residents Urged to be Aware of Scams

Scam artists use different types of fraud techniques to try to trick people.

Common types of fraud are banking scams, prize scams, family emergency scams, property maintenance scams, tax payment scams, and charity scams.

Victims may be contacted via the phone or email, or in person by a "door to door" solicitor or as a worker in your neighborhood. A Ruse burglar will try to get you out of the house to look at a fence or something in your backyard, while his or her partners enter your home and take valuables and cash.

Here are a few situations to be mindful about:

**Contacted out of the blue?** If you are contacted by a company, make sure you do all you can to verify the identity of the caller or visitor. Utility workers and Village employees should have official identification and vehicles. If you're not 100% convinced of the identity of the caller or visitor, contact the company from the number listed on your bill for verification.

**Are you asked to keep it quiet?** Being asked to keep something quiet should be a red flag. Often asking you to stay silent is used to keep you away from the advice and support you need in making a decision.

**Is the deal too good to be true?** Use your common sense. If a deal is too good to be true, it inevitably is.

**Do you need to pay today?** The scammer may ask to wire funds or buy a prepaid credit card and call them back with the personal identification number (PIN). Variations of this scam include stories that the customer's billing cycle has changed and payment is needed immediately, the account is past due and immediate payment is required to avoid disconnection of service, they owe back taxes to the IRS or a loved one needs financial help immediately.

**Pressured to respond quickly?** Never proceed with a transaction unless you are absolutely certain your money will be safe. Once you transfer, it may be too late. Scammers will often try to hurry your decision making.

**Asked to share personal details?** Phishing emails or phone scammers will often try and get valuable personal data from you, which they can use this to steal your identity or your money.

**Learn more about Scams**

Visit [www.consumer.ftc.gov/scam-alerts](http://www.consumer.ftc.gov/scam-alerts) for more information.

**Have you been a target of a scam?**

Contact the Illinois Attorney General at 1-800-386-5438 (TTY 1-800-964-3013) or visit [www.illinoisattorneygeneral.gov](http://www.illinoisattorneygeneral.gov) and click on the link Protecting Consumers.

## Door to Door Solicitors

The law guarantees solicitors the right to solicit in the Village; however they must abide by the regulations in the Village ordinance governing solicitation.

Recently, the Village received a number of reports from residents regarding an increase in the number of calls and/or door-to-door and mail solicitations regarding changing their electrical supplier. While customers are free to sign a contract with any supplier of their choice, the Village encourages all residents to read and fully understand the terms and conditions of their contract before signing up. Residents are also advised not to share their ComEd or any other account number with a salesperson unless they intend to change their supplier. Please note that the Village will not contact you by telephone regarding electricity purchasing and will never ask for your ComEd account number.

Those who do not want their privacy disturbed should display a "No Solicitors" sign on their property. These stickers can be obtained from the Village Hall, a local hardware store or made up by the homeowner.

To file a complaint about a misleading solicitation, contact the Illinois Commerce Commission at 800-524-0795 or by going to [www.icc.illinois.gov/consumer/complaint](http://www.icc.illinois.gov/consumer/complaint)

# Notes from Village President Sandy Frum

As I was thinking about this year's Bicentennial Celebration in Illinois, it brought to mind how our Village has evolved. Northbrook was built on a solid foundation, starting with three main components: the land, the people and the governance. This triad provides a strong foundation of stability and strength in our Village.

It might seem obvious, but one of the critical parts of a Village is its 'incorporated' land, or the land and properties located within its boundaries. Northbrook has about 13 square miles of land

conveniently located to transportation with easy access to Chicago and other parts of the world due to its proximity to O'Hare.

The Village of Northbrook is a Home Rule Community. The Illinois Constitution allows villages to adopt home rule, which shifts greater authority and decision making from the State of Illinois (Springfield) to the local community. Home Rule communities are free from various state-imposed regulations and may exercise a greater range of responsibilities to benefit their residents.

Our residents, as well as our corporate citizens, are an integral part of our community. When the land known as Shermerville was incorporated in 1901, it had about 311 people. Like much of Chicagoland, it blossomed after World War II. Today, the Village has roughly 33,170 people (we expect that number to rise after the 2020 census) and over 1,000 businesses. Governance provides a framework for the community. While the Village is a large part of this, there are several other governments, including each of our five school districts, that provide important services to the community: the Northbrook Park District, the Northbrook Public Library, and Northfield Township. Within the Village itself, there are a variety of roles played to ensure you receive excellent services: The Village Board; volunteer commissions, committees and task forces; and staff who carry out the policies and goals of the Board.

One of the Village's primary governing functions is financing. This includes economic activity occurring in the community, such as the everyday purchases we make in town as well as the value of real estate in the Village. Sales and property taxes support the majority of our monetary needs. Sales taxes bring in upwards of \$15 million a year. Other revenues include fees for services such as water sales and building permit fees.

The Village and its populace require several core services in order to function. Police and Fire services are probably one of the first things people think of when they think of the Village. Both of these departments are available 24-hours a day to aid anyone, resident or visitor, who may need emergency assistance in Northbrook. Our Public Works Department focuses on maintaining the infrastructure needed for our everyday lives, including our streets, water, sewer and stormwater systems.

The Village, along with many other agencies, works synergistically to build on the existing community and enhance it. This can mean literally building, as in ensuring the safety of new construction or remodeling or developing recreational or educational programs, as the Park District, Library and schools do. There are also a variety of other organizations that enhance our community: the Northbrook Historical Society, the Northbrook Symphony Orchestra, and the Northbrook Civic Foundation, among others too numerous to mention.

With Northbrook's strong foundation, it is easy to see the results of our collective successes and how they manifest in the community. Single-family homes and multi-family developments, including senior housing, provide an inventory of diverse living opportunities. In addition to residential growth, the Village continues to see strong commercial growth for both the industrial parks and retail centers. The Central Business District is a key fixture in Northbrook for our residents and businesses. This past year, we saw the completion of major infrastructure improvements in the Village including stormwater projects and the Central Business District Streetscape project. This year, work will begin on the Shermer Road Bridge as the final stage of our business district upgrade. I invite you to visit our website at [www.northbrook.il.us](http://www.northbrook.il.us) for updates on these projects and other Village news.

## The Citizen Police Academy Class begins Tuesday, April 3 - Sign up Today

Have you ever wondered what it is like to be a Police Officer or what a traffic stop is like from the Officer's point of view?

The Northbrook Police Department will host the Citizen Police Academy for residents and business owners, age 21 and older, on eight consecutive Tuesdays, April 3 to May 22, from 7:00 to 9:30pm.

*Join this exciting, free, hands-on opportunity to learn about the Northbrook Police Department.*

Graduates of the Citizen Police Academy will have a better understanding of police department functions, officer training and job responsibilities, and become a more informed citizen. The class is free, however the class size is limited to 20 participants.

**Attend the Citizen Police Academy and find out about topics such as:**

- Emergency 911 communications
- Patrol and investigative operations
- Police canine unit
- Mutual Aid agencies

For more information about the Citizen Police Academy and to sign up for the class, stop by the Records Department at the Northbrook Police Department, 1401 Landwehr Road and pick up an application or visit [www.northbrook.il.us/PoliceAcademy](http://www.northbrook.il.us/PoliceAcademy)

## Don't Flush This...

**Did you know that flushing objects down the toilet can cause problems in your plumbing or the Village's sewer system?**

Many cleaning products are labeled "flushable" or "disposable," but few actually dissolve or break down efficiently after being flushed. These products can block your sanitary sewer service from your home which can lead to sewage backups in your basement or crawlspace.

*A general guideline is: if it doesn't dissolve as fast as toilet paper, it's not flushable.*

**Common offenders include:**

- Disinfecting wipes
- Feminine care products
- Swiffer mop refills
- Refill heads from toilet bowl wands
- Shop towels and rags
- Towelettes
- Baby wipes
- Paper towels
- Dental floss
- Band aids
- Disposable diapers

Property owners are reminded that they are responsible for their sanitary sewer service from the Village's main to their home, as well as any repairs and maintenance to those service lines. Should you experience a sanitary backup, please contact Northbrook's Public Works Department at 847-272-4711 between the hours of 7am and 3pm, Monday through Friday, or the Northbrook Police Department non-emergency number, 847-564-2060 and the Village will check its sewers for blockages.

## Save the Date for Northbrook's Earth and Arbor Day Celebration on Saturday, April 21

**It's not too early to start thinking about springtime events!**

Start rounding up the troops and plan to enjoy a community clean-up day complete with fun activities, exhibits and a community recycling event. Get your clean-up team organized and stake your claim to clean-up your favorite Northbrook territory.

Residents or businesses with environmentally friendly products, ideas or projects that would like to participate in our Green Expo on Earth and Arbor Day are asked to call 847-664-4017 during business hours.

# 2018 Parkway Tree Order Form

## The Village is offering the cost sharing Parkway Tree Planting Program to residents again this year.

New trees will be 2-inch diameter or about 8-feet tall. A property owner's cost share will be \$175 per tree ordered, regardless of variety or size. Multiple trees may be ordered, providing there is adequate room within the public parkway area. Sorry, no trees may be ordered for private property.

The trees will be scheduled for planting during the month of May, as weather permits.

### Limitations

Trees must be planted:

- Equidistant from curb and sidewalks, typically at least 35-feet from other parkway trees
- At least 10-feet from a driveway or street light
- At least 45-feet from an intersection to ensure unobstructed sight lines
- At least 5-feet from manholes, fire hydrants and b-boxes

Note: Trees cannot be planted in the same spot as a recently removed parkway tree due to old root mass.

Ten species of trees are currently available. All trees are limited quantities on a first come, first serve basis. All trees may be viewed at [www.northbrook.il.us/ParkwayTree](http://www.northbrook.il.us/ParkwayTree)

Orders must be submitted by Thursday, March 8, 2018.

### Please note:

- The Village makes the final determination on planting location.
- Orders are processed on a first come, first serve basis.
- Trees may not be refused, moved or exchanged for any reason.

### Return order form by Thursday, March 8, to:

Terry Cichocki, Village Forester  
Northbrook Public Works  
655 Huehl Rd., Northbrook, IL 60062

### Questions?

Please indicate the number of trees next to each tree description you would like to order on the reverse page.

Make checks payable to *Village of Northbrook* for \$175 per tree ordered.

Should your first choice be unavailable by the time your application is processed, please check one for alternate tree instructions:

\_\_\_ *Please have forestry staff select alternate tree if first choice is not available.*

\_\_\_ *Please have forestry staff call me to discuss an alternate tree if first choice is not available.*

~~~~~

\_\_\_ *The location for my new tree is under utility wires. Please contact me to discuss smaller tree species.*

Please draw a sketch in the box with an "X" indicating where you want the tree planted on the parkway and an arrow pointing north. Please include landmark reference points for easy field identification.

# Historian's Corner

presented by the Northbrook Historical Society- Judith Hughes, President

Wherever I look, I am reminded of stories about our Village. As I look around the displays at the Northbrook History Museum, I am amazed at the stories that could be told using any or all of the historical artifacts or photographs as a subject.

Dozens of Northbrook themed paintings from last fall's Plein Air Painting Festival are on display at the Northbrook History Museum, 1776 Walters Ave., on Saturdays from 1-4pm and Sundays from 2-4pm. Across from my desk is a beautiful scene of the Somme Woods prairie. This painting, or if you took a walk through the Techny Prairie Park and Fields, gives you a sense of the open beauty of the land that first greeted the settlers when they arrived here to find and purchase their chosen land for \$1.25 an acre in 1843.

### The view changes with the seasons.

As I look at the prairie today, I am reminded of the story of John Bach who, in 1840, lived in what is now Somme Woods. His first winter here was spent in a dugout shelter covered in logs. This seems unimaginable today, especially as we stay in our cozy warm homes and drive in our heated cars as much as possible during winter cold snaps. Through the years, Bach purchased 180 acres

of land north of Dundee Road, between the West Fork of the North Branch of the Chicago River and Pfingsten Road. He is one of several early settlers with a street named in his honor.

In the Sky Harbor Industrial Park, there is a small patch of prairie that is maintained by the Northbrook Garden Club. This patch of virgin prairie is located behind a business on Woodhead Drive. It always amazes me that these visible glimpses into our past are still

available for our enjoyment 200 years after Illinois was incorporated.

More information on these, and other historic happenings, can be found in the book, *Northbrook, Illinois: The Fabric of Our History*. The book was published during Northbrook's Centennial Year in 2001 and is available at the Historical Society's Inn Shop, 1776 Walters Ave. The Inn Shop is open Thursdays from noon to 3pm; Fridays and Saturdays from 1pm to 4pm and Sundays from 2 to 4pm.

Come see *Paintings at Sunset - A Plein Air Art Exhibit*, March 9 to 11, at Sunset Foods, presented by the Northbrook Arts Commission. Details in next month's Village newsletter.
