The Village of Northbrook would like to invite you to our public information open house for the Western Avenue Road and Water Main Improvements Project. We are holding this open house prior to the beginning of construction to introduce the project, explain the construction plan, describe the anticipated impacts to local traffic, and answer any questions you may have.

Information will be provided in an open house format with no formal presentation. Exhibits will be on display and representatives from the Village and the consultant will be present to receive input, provide information, and answer questions.

Please visit the project webpage at [www.northbrook.il.us/western](http://www.northbrook.il.us/western) for additional information and to sign up for email project updates through NotifyMe.
