---

Changes to insulation during construction as noted below must be reported prior to or during the rough framing inspection. Check the following change if applicable to the project and submit the form with required documents to a permit coordinator at the Planning & Development desk at Village Hall. You will be contacted via email with comments and/or permission to proceed.

☐ **Change from batt to SPRAY FOAM insulation.** Attach a product evaluation report for **each** spray foam product identified above. Describe any changes to the location/configuration in the lines above or attach a sketch or a revised drawing from the permit set.

Allow 3 working days for review if this is a CHANGE OF INSULATION.

PERMIT REVISION FORM **NOT** REQUIRED
