## **Solar Photovoltaic Panel Installer Requirements**

### **Note to Applicant:**

***It is required that all applicable contractor requirements are submitted before the permit can be paid for and picked up.***

### **Contractor Requirements**

#### **General Contractor:**

Required to have a current Village of Northbrook Contractor Business License.

#### **Sub-Contractor(s):**

The Electrician and/or Plumber performing work under this permit is/are required to have a current Village of Northbrook (Sub-) Contractor Business License and to submit current trade license(s) / registration(s).

#### **Photovoltaic Installer:**

Must submit credentials prior to permit issuance to comply with our amendment to the 2017 NEC:

***690.4(C) Qualified Personnel. Add a new subsection (1) as follows:***

***(1) Qualifications. The installation, servicing or otherwise working on photovoltaic systems shall be performed by qualified persons as required by 690.4(E) who shall provide documentation that any such work performed was done under the on-site supervision of an individual qualified to work on photovoltaic systems, as evidenced by credentials from a recognized photovoltaic training provider.***
