RE: Municipal Electric Aggregation Program  
Informational Notice - Return to ComEd Supply Service  
ComEd Service Address:

Dear Resident or Small Business Owner:

This notice is for informational purposes only. Consumption patterns impacted by COVID-19 caused recent changes within the regulated pricing components for electricity supply service. Therefore, your account will return from MC Squared Energy Services under the Municipal Electric Aggregation Program to ComEd’s basic tariff-based electricity supply service. This change is effective starting with your next applicable ComEd meter read date. You do not need to take any action. **Your electricity supply pricing will not change as a result of this action.**

**Please note there is no difference in the electricity supply pricing or reliability of service between MC Squared Energy Services under the Municipal Electric Aggregation Program and ComEd’s basic tariff-based electricity supply service. The monthly pricing for electricity supply is identical, based on the ComEd published tariff rates.**

The Municipal Electric Aggregation Program allows for accounts to receive electricity supply service from either MC Squared Energy Services or ComEd, dependent on household electricity consumption. Even though your supply service will now be with ComEd, your account is still considered a part of the Municipal Aggregation Program.

You will also receive a letter from ComEd titled “Confirmation of Change in Electric Supplier” confirming this process. See example of that notice on the reverse side of this letter. There is no interruption of electricity supply service related to this process.

If you have questions about this notice or the aggregation program, please contact MC Squared Energy Services at 877-622-7697, Monday through Friday, 8 a.m. to 5 p.m. or [info@mc2energyservices.com](mailto:info@mc2energyservices.com). If you prefer to direct questions to the Village of Northbrook, please contact the Village’s Sustainability Coordinator at [Tessa.Murray@northbrook.il.us](mailto:Tessa.Murray@northbrook.il.us) or 847-664-4134.

Sincerely,

MC Squared Energy Services, LLC and the Village of Northbrook
