

INDUSTRIAL DISTRICTS

7-101 PURPOSE

The Northbrook Zoning Code establishes three zoning districts to accommodate a range of limited commercial, office, manufacturing, warehousing, transportation and other land uses that are compatible with quality business and employment centers located in a suburban residential community and consistent with the Comprehensive Plan.

Two of these districts (I-1 and I-2) are intended to establish land use standards that will maintain the high quality industrial and business parks in the community. A third zoning district (ICS) is intended to accommodate a broader mix of land uses, including office, industrial and warehouse activities, as well as other needed business services and membership organizations in specific areas identified in the Comprehensive Plan.

The ICS Industrial and Commercial Services District is intended to provide areas to accommodate heavier commercial service uses in concert with a variety of industrial, warehouse, “flex” space, building contractor facilities, educational and membership organizations, as well as indoor sports activities. The ICS District may be mapped only in areas designated for industrial and commercial services in the Comprehensive Plan.

The I-1 Restricted Industrial District is intended to provide adequate space for high quality, nuisance-free manufacturing, transportation, warehousing and wholesaling uses that are compatible with a variety of office and service uses. It is the goal of the regulations that no use within the I-1 District shall have any direct or indirect adverse aesthetic, environmental or economic impact on any other use either within or outside the District.

The I-2 Light Industrial District is intended to provide for more generalized industrial operations in proximity to the collector transportation system. Permitted and special permit uses are more intensive than those allowed in the I-1 District but can be accommodated within the Village if they are so located and regulated as to avoid adverse impacts on the residential uses and less intense nonresidential uses that define the essential character of the Village. The I-2 District shall be mapped on the Zoning Map only:

- 1) On property lying south of a line running east and west at a distance of 250 feet south of Raymond Drive east of Shermer Road, west of the Chicago and Northwestern Railroad right-of-way and north of Willow Road and
- 2) On property lying south of Willow Road and east of the Chicago and Northwestern Railroad right-of-way.

The uses in the following table designated by a "P" are permitted as of right in those Industrial Districts indicated in the table. Except as specifically limited, the remaining uses listed in the following table may be permitted in the Industrial Districts as either 1) a conditional use, which is designated by a "C," and subject to the additional standards set forth in this Article VII; or 2) a special permit use, which is designated by an "S," and subject to the issuance of a special permit as provided in Section 11-602 of this Code and subject to the additional standards set forth in this Article VII. In interpreting the use designations, reference should be made to the Standard Industrial Classification Manual, as amended by the Village (see Appendix A) and Section 11-501 of this Code. Village SIC codes are given before each use listing.

Dwelling units in addition to an approved non-residential use existing as of April 23, 2013, shall be allowed to continue to be used as dwelling units until such dwelling units are used for another allowed use in the ICS District</p>
9981.00	<p><u>Accessory Outdoor Storage in the ICS, I-1, and I-2 Districts</u></p> <p>The proposed use shall meet the following additional conditions:</p> <ol style="list-style-type: none"> 1. The proposed use shall be enclosed by either (a) a screening fence, including chain link fences with privacy slats or mesh covering on the condition that such chain link fence is not visible from the public right-of-way or a residential property, (b) a wall or (c) a densely planted evergreen hedge. The screening shall be of a height or no less than 8 feet and sufficient to screen such proposed use from view from adjoining properties and public or private streets. 2. The proposed use shall not be located between any principal structure and either its front or corner side lot line. 3. The proposed use shall not contain material stored higher than 8 feet in height. 4. For each business occupant located on a zoning lot, its accessory outdoor storage area shall not be larger than 10% of the occupant's total gross floor area located on the zoning lot. 5. The propose use shall not be allowed on a zoning lot abutting a residentially zoned property. 6. To accommodate the proposed use neither required parking nor required loading spaces shall be eliminated. 7. The proposed use shall comply with the district setback requirements. <p>If the proposed use cannot meet any of the above conditions, the proposed use shall require a special permit.</p>

7-106 PARKING AND LOADING REQUIREMENTS

The parking and loading requirements applicable in the Industrial Districts are set forth in Section 9-104 and 9-105 of this Code.

7-107 SIGN REGULATIONS

Sign regulations applicable in the Industrial Districts are set forth in Section 9-106 of this Code.

7-108 BUFFERS AND LANDSCAPING

Requirements relating to buffering and landscaping of certain uses and structures in the Industrial Districts are set forth in Section 9-107 of this Code.

7-109 USE LIMITATIONS

7-109 A. Noise. No noise (other than ordinary vehicular noise) from operations of any use in the Industrial Districts shall be detectable at any point off the zoning lot on which the use is located.

7-109 B. Glare and Heat. No glare or heat from any operations of any use in the Industrial Districts shall be detectable at any point off the zoning lot on which the use is located.

7-109 C. Vibration. No earth-borne vibration from any operations of any use in the Industrial Districts shall be detectable at any point off the zoning lot on which the use is located.

7-109 D. Electromagnetic Interference. Electromagnetic interference from any operations of any use in the Industrial Districts shall not adversely affect the operation of any equipment located off the zoning lot on which such interference originates.

7-109 E. Fire and Explosive Hazards. Materials that present potential fire and explosive hazards shall be transported, stored and used only in conformance with all applicable federal, state and local laws.

7-109 F. Special Hazards. Hazardous, toxic and radioactive materials shall be transported, stored and used only in conformance with all applicable federal, state and local laws.

7-109 G. Safety Equipment. No research or development laboratory or commercial testing facility requiring a special permit pursuant to Subsection 7-105 F of this Code shall be established after the effective date of this Code unless the building in which such use is established shall be equipped with sprinkler systems, automatic fire detection and suppression systems and Class 1 electrical fixtures as required by the then current Village codes for new construction.

7-109 H. Above Ground Tanks. No above ground tanks designed or used for the storage of flammable or combustible liquids shall be located less than 600 feet from the lot line of any lot on which a fire station is located.

7-110 BULK, SPACE AND YARD REQUIREMENTS

The building height, lot, yard and setback and floor area ratio requirements applicable in the Industrial Districts are set forth in the following table. Footnote references appear in Subsection 7-110 E at the end of the table.

BULK, SPACE, AND YARD REQUIREMENTS	ICS	I-1	I-2
A. Maximum Height (whichever is less)(10)			
1. Feet	45	55	55
2. Stories (1)	3	3	3
B. Minimum Lot Area and Dimensions (9)			
1. Total Lot Area (square feet) (10)			
a. Planned Development	120,000	120,000	120,000
b. All Other Uses	40,000	40,000	40,000
2. Lot Width (feet)			
	100	100	100
3. Lot Depth (feet)			
	125	125	125
C. Minimum Yard & Setback Requirements (2) (3) (4) (5) (6) (7) (9)			
1. Front and Corner Side (feet) (8)			
a. Yard	10	30	30
b. Setback	30	30	30
2. Interior Side (feet)			
a. Yard	5	5	5
b. Setback - 10% of lot width, but not less than 10 feet nor more than 25 feet			
3. Rear (feet)			
a. Yard	5	5	5
b. Setback	15	15	15
D. Maximum Floor Area Ratio			
	.50	0.50	0.50

7-110 E. Exceptions and Explanatory Notes

1. Nonconforming Lots See Subsection 10-105 C for lot requirements with respect to nonconforming lots of record.
2. Yard Requirements for Uses Without Structures. On any lot occupied by a use without structures, the minimum yards that would otherwise be required for such lot shall be provided and maintained.
3. Visibility Across Corners. Notwithstanding any other provision of this Code, nothing shall be erected, placed, planted, maintained or allowed to grow on any corner lot in an Industrial District above a height of 2-1/2 feet from grade within the area of a sight triangle as defined in Section 12-206 of this Code.

-
4. Transitional Setbacks Abutting Residential Districts. Notwithstanding any other provision of this Section, every building in any industrial district shall be set back at least 100 feet from every lot line adjacent to any residential district.
 5. Lot Dimensions and Yards in Planned Developments.
 - a) Authority to Waive. The Plan Commission may recommend and the Board of Trustees may authorize the waiver of the lot dimension and yard requirements of the underlying district when approving special permits for planned developments.
 - b) Special Requirements; Limitation of Waiver Authority. Special perimeter open space, setback and spacing requirements for planned developments are set forth in Subparagraphs 11-603 E2(f) and (g) of this Code. Such requirements shall not be waived under any circumstances.
 - c) Standards for Waiver. No such waiver shall be recommended or authorized except in accordance with the provisions of Subsection 11-603 H of this Code.
 6. Special Setbacks for Signs. Special setbacks are established for some signs by Subsections 9-106 F and 9-106 K of this Code; those setbacks shall control over the yards and setbacks established in the table.
 7. Specified Structures and Uses in Required Yards. The following structures and uses, except as limited below, may be located in any required yard:
 - a) Accessory uses, subject to the limitations of Section 9-101.
 - b) Statuary, arbors, trellises and ornamental light standards having a height of ten feet or less.
 - c) Awnings, canopies, eaves and gutters projecting not more than three feet from an exterior wall.
 - d) Bay windows and balconies projecting not more than three feet from an exterior wall for a distance not more than 1/3 of the length of such wall; provided that such projections shall come entirely within planes drawn from the main corners of the building at an interior angle of 22-1/2 degrees with the wall in question.
 - e) Chimneys, flues, belt courses, leaders, sills, pilasters, lintels, ornamental features, cornices and the like projecting not more than two feet from an exterior wall.
 - f) Outside stairways projecting from an exterior wall not more than three feet and having a height of four feet or less.
 - g) Flagpoles.
 - h) Non-mechanical laundry drying equipment, except in front yards.
 - i) Off-street parking and loading, but only as expressly authorized in Paragraphs 9-104 C 1 and 9-105 C 1 of this Code.
 - j) Terraces.
 - k) Recreational devices, except in front yards.

-
- l) Fences, walls, and hedges, subject to the limitations of Section 9-107 of this Code.
 8. Platted Building and Setback Lines. See Subsection 12-101 F of this Code.
 9. Lot Dimensions and Yards for Electrical Substations
 - a) Authority to Waive. The Board of Trustees may authorize the waiver of the lot dimension and yard requirements of the underlying district when approving site plans for electrical substations.
 - b) Standards for Waiver. No such waiver shall be recommended or authorized except on the basis of need and impact on the surrounding properties.
 10. Special Lot and Height Standards for Village Public Utility Yards and Facilities. Village public utility yards and facilities with buildings or structures in excess of 55 feet may be approved by special permit issued pursuant to Section 11-602 of this Code. Village public utility yards with a lot area less than 40,000 square feet may be approved by special permit issued pursuant to Section 11-602 of this Code.
