

WALTERS AVENUE

CORRIDOR IMPROVEMENTS

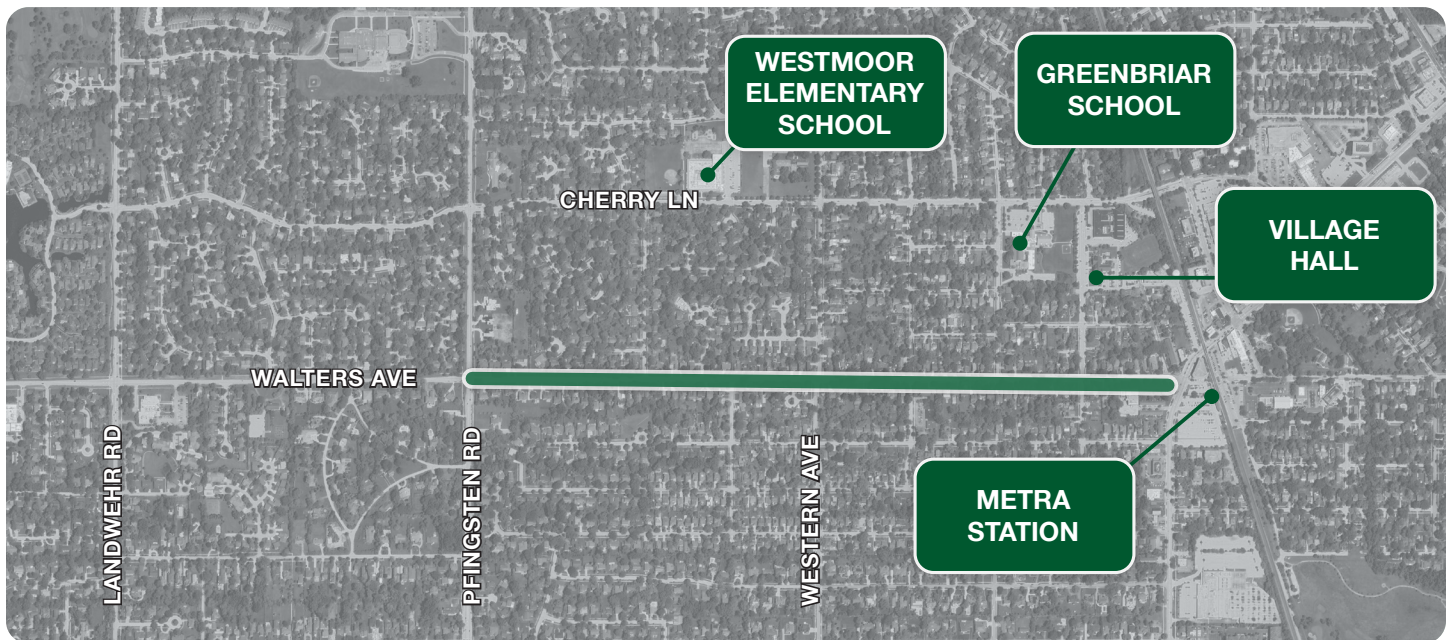

The Village of Northbrook invites you to our Public Information Open House, centered around the upcoming Walters Avenue Corridor Improvements. In 2022, the Village of Northbrook was awarded Surface Transportation Program (STP) grant funding for the resurfacing of Walters Avenue from Pfingsten Road to Shermer Road through the Chicago Metropolitan Agency for Planning (CMAP). To comply with the requirements of this grant funding, the Village of Northbrook has initiated a preliminary engineering and environmental study to resurface Walters Avenue and replace the existing watermain. The project also includes upgrading intersection sidewalk corners to meet current Americans with Disabilities (ADA) standards and the evaluation of pedestrian and bicycle improvements along the corridor. The limits of the project are from Pfingsten Road to Shermer Road. The project is currently anticipated for construction in 2027.

Join us for an informative session where we will outline the Phase I, II, and III process, data collection findings, and present improvement alternatives. Your input and questions are invaluable, and we look forward to hearing from you during this meeting. A public open house will be held on March 5 from 5:00 p.m. to 7:00 p.m. in the Village Hall Board Room located at 1225 Cedar Lane, Northbrook, IL 60062.

PUBLIC OPEN HOUSE

March 5, 2025
5:00—7:00 p.m.

**Village Hall
Board Room**
1225 Cedar Lane,
Northbrook, IL 60062

If you are unable to attend the meeting and have comments, please contact Emma Albers at 630.487.3435 or emma.albers@kimley-horn.com

Visit <https://www.northbrook.il.us/1140> for more information and to complete the survey before March 19, 2025.
